Approve Funds For Heating

To Use Alternating Current at High School Generator

A four-hour committee discussion on Monday night by Newton Aldermen led to an approval of a \$35,000 appropriation for the installation of a steam engine set generating alternating current for the Newton High School heating plant when the board resumed its meeting following the usual recess. The sum voted was approved by a 17 to 3 vote with Aldermen Carroll J. Hoffman, Charles E. Hughes and John Temperley voting in the negative.

The mayor previously had recommended an appropriation of \$30,000 for the plant which covered a set to generate direct current. Subsequently an additional \$5,000 was recommended to provide for an alternating current set and enabling the aldermen to decide which was to be installed.

At the school there are 155 motors using direct current and 35 using alternating current. It is contended that maintenance costs of the alternating current motors is less and that the additional sum involved to provide a unit to convert all motors to the alternating current would in the long run be favorable to the city's expenses.

Alderman Hoffman stated that the plan to purchase power from the Boston Edison Company was preferable because it could be put into practice sooner. It would diversify the power sources, and it would not require a large outlay although the annual cost would be \$2,500 more.

An appropriation of \$5000 for a WPA project to paint and repair public buildings was approved. It was stated that it is the beginning of a two-year plan to employ 38 men for work on eight school buildings and three fire stations. The entire project will cost \$117,000 of which the city will be asked to spend \$27,000 for materials and the Federal government providing labor costs.

New equipment in advance of budget appropriations in order to obtain delivery and a favorable price was voted for the treasury department in the sum of \$2000. Equipment to be purchased includes an addressograph at \$800; electric accounting machine, \$855; filing cabinet to contain all unpaid tax bills, \$244 and a filing cabinet for confidential papers, \$32.

The sum of \$1,400 was voted for street department construction of a sewer on York rd., Waban. Leave to withdraw was given the petitioners of the proposed home for aged blind persons on Waverley ave., at the former Stanley residence. The committee report explained that the building code required either a fireproof building or on with masonry walls for such purposes. The building in question is of brick veneer over frame.

UNITED WAR FUND HEARING GOAL

Draft Group Given Send-off

Largest Number Since War Declared Inducted This Morning Following End of City Hall Ceremonies

Twenty Presented With Toilet Kits and Greeted By City Officials

This morning in the grey of overcast skies the largest group of draftees of Newton men entering the service since war was declared two months ago was given a big send-off. City officials and representatives of service organizations were on hand to bid farewell to the group. Mayor Paul M. Goddard shook the hand of each of the twenty selectees who had been notified to report at seven o'clock. Members of the draft board accompanied the group to the Newtonville railroad station on their departure for the induction station at Boston.

A mobile canteen unit of the Newton Chapter of the Red Cross was set up, for the first time at any occasion of the kind, to serve coffee and other refreshments. The canteen was operated by a committee of Newton Centre women under the chairmanship of Mrs. Douglass B. Francis. Roy S. Edwards, chairman of the Newton Citizens Committee on Service to Newton Service Men, presented toilet kits to each selectee in behalf of the committee.

From a census of service men taken by Newton police it is estimated that there are now more than 600 Newton men in the armed services of the country. In the first World War Newton had about 2,500 men in service and it is predicted that the number to see service in the present war will exceed 3,500.

The draftees inducted by local Boards 112, 113 and 114 were as follows:

Carmen J. Jagulli, 22 Rockland st., Newton Highlands.
Vincent T. Estabrook, 25 Varick rd., Waban.
Donald J. MacInnis, 49 Floral st., Newton Highlands.
Warren P. Springer, 23 High st., Newton Upper Falls.
Philip F. Hopfe, 39 Indiana ter., Newton Upper Falls.
Lincoln Morton, 34 Upland rd., Waban.
Carl Petersen, 11 Morton rd., Newton Centre.
Board 112 has ordered 12 men to report for induction today:
Pompeo J. Gentile, 20 Emerald st., Newton.
Lawrence F. Gentile, 14 Lincoln rd., Newton.
Robert J. Burns, Jr., 73 Lombard st., Newton.
John P. Barton, 37 Lewis st., Newton.
Domenic J. Pace, 36 Cottage pl., Newton.
Lawrence J. Gatti, 183 Rear Adams st., Newton.
Leslie W. Beckwith, Jr., 4 Winthrop st., West Newton.
Joseph P. Marzilli, 217 Adams st., Newton.
Cornelius J. Madden, 13 Maple cir., Newton.
Joseph F. Kelly, 48 Rustic st., Newton.
Adrian Y. MacDougall, 1401 A Washington st., West Newton.
Robert Thomas Rice, 104 High st., Keene, N. H., formerly of Newton.

WABAN MEN'S CLUB

The Men's Club of the Union Church of Waban will hold its February meeting on Tuesday, the 10th, at the Union Church with a supper at 6:30 p. m. The guest speaker will be E. D. Canham, managing editor of the Christian Science Monitor who will speak on the subject of censorship versus freedom of the press.

Predicts World Union After War

Forum Speaker Says Victor Will Lead Community of Nations

A post-war union of all peoples into a world community under the leadership of the victor power, the United States or Germany, was the prediction forecast by Dr. Frederick L. Schuman, Woodrow Wilson professor of government at Williams College, speaking Sunday at the Newton Community Forum. The Newton High School auditorium was largely filled with an audience of nine hundred.

A partial resumption of the Forum another season was indicated in the appointment of a steering committee under the chairmanship of Dr. Kirtley F. Mather. He reported on the meeting of the steering committee, which had preceded the Forum and stated that many of those actively supporting the conduct of the Forum were engaged in numerous defense projects and would be unable to devote their time to the organization. On Feb. 15th, at the final session of the current Forum season, to be addressed by Vera Michaels Dean, director of the Foreign Policy Association on "Latin America Weighs the Course of the War," a questionnaire would be distributed to ascertain public reaction to continuation of the programs next year.

Professor Schuman, author of numerous books and articles on European affairs, spoke on the "New Order in Europe." He maintained that war anywhere is everybody's business because the world is indivisible. One of the causes of the present conflict was America's failure to recognize this by evading its responsibilities in failing to exercise control over the world commensurate with its power. He said that the United States remained aloof in previous conflicts because "China was too yellow, Ethiopia too black, and Spain too red."

The issue at stake in the present war is whether the United States or Germany will assume world leadership. He expressed the opinion that everyone in Germany realizes this and unless every American does we will lose it as well. Quoting a German survey made six years ago it was shown that the United States has 44 per cent of the world's industrial capacity; Germany 15, Great Britain 10 and France 7. America "muffed" in the time of Woodrow Wilson "an opportunity to refashion the lives of all people."

The speaker claimed that the Atlantic Charter fails to offer a solution of the world's troubles since it will restore "international anarchy" which brought on the present conflict. Hundreds of millions of neutral and subjugated people must have a chance to share in the American concept of liberty. Victory must mean that everyone, everywhere, must have the common advantages of a united world neighborhood.

Seated on the platform with Dr. Mather, who conducted the question period, were Dr. Mark Ward and Edward Van Tassel, Jr. Preceding the address, a series of solos by Donald I. Blackey, young Newton tenor, was offered. The committee named to consider plans for another season included Dr. Mather, chairman; Frederick B. Eastman, vice-chairman; Walter M. Taylor, secretary-treasurer; Maxwell P. Gaddis, E. Graham Bates, Mrs. Haskell Cohn, Mrs. Paul M. Goddard and Kenneth S. Dale.

Priscilla Cook Wins Medal and Cup in National Contest

Miss Priscilla Cook, 14, daughter of Mr. and Mrs. Walter C. Cook, of 34 Harrington st., Newtonville, competed in the Annual National Majorette Contest at St. Paul, Minnesota, January 25 and 26. Miss Cook won the medal for fourth place among sixty contestants, representing eight states. She won a cup also, for having traveled the longest distance for the competition. This feat was a personal triumph for Priscilla, who was one of the youngest participants and the only Easterner ever to win recognition in such a contest.

No Provisions For Salary Raise

Mayor Paul M. Goddard announced this week that budget estimates would be filed at the Newton city clerk's office on Feb. 14th in time for consideration by the Board of Aldermen at its next meeting on Feb. 16th. He stated that the estimates will contain no provision for a general salary increase for city employees but that this problem will be decided later.

At the request of the mayor recently a special committee of the Board and a representative of the school committee undertook a study of the problem. In the event favorable action is forthcoming the matter will be presented as a budget amendment. The committee has held several meetings but has reached no decision. The Board will refer the budget requests to the finance committee on Feb. 16th.

Unspent Moneys Returned

City Departments Turn Back Quarter of Million To Treasury

Newton's treasury has been increased by \$257,919.24, according to figures released last week, as the annual financial report issued by Comptroller of Accounts Daniel A. White. This increase is the result of unexpended balances of city departments from last year's budget appropriations, the largest sum in many years.

These amounts raised the city surplus to approximately \$500,000, which includes the water department surplus of \$132,000. The total amount appropriated last year was \$5,746,971.48, the amount expended was \$5,365,571.16, and the sum carried over from last year to be expended this year was \$123,481.08.

The largest sum returned was \$128,510.89 by the Welfare Department, the Soldiers' Relief Department being next with \$29,135.49, making it evident that the record surplus was due to a great extent by reductions in relief rolls.

Preparedness Stickers For Newton Homes

Newton residents, who have taken the necessary air raid precautions in their homes, will be awarded "Household Preparedness Stickers," it was announced late last week by the Newton Committee on Public Safety. By inspecting the homes on their post, the air raid warden will determine which homes have met the requirements for the awards. In a bulletin regarding the preparedness stickers, the committee announced "within a few weeks your warden will ask to inspect your house and if it is prepared he will give you an attractive sticker which should be displayed prominently in a front window. You do not have to display this sticker. It is your home. If you do display it, however, it may influence your neighbor to take the necessary precautions which will in turn increase your own protection."

At the same time the committee warned residents against admitting strangers to their homes. "Your warden is your best friend from a safety standpoint. He (or she) knows the answers or can get them for you promptly. When actual danger comes, your warden is responsible for the safety of those you love. Get to know your warden. He is a neighbor and if you do not know him, get another neighbor to introduce you. You do not need a card of identification (although your warden has one) from someone you know. Do not admit strangers to your house."

The committee predicted that there would be "serious raids" on this country. "The days of wishful thinking are over, the days of sacrifice and work are here. 'Until our enemies get bases closer to our shores repeated bombings seem impossible; however, this in our opinion, will be subject to serious raids."

"A token raid on Newton would be of very little military value and, comparatively speaking, little terror value. We have neighboring communities on whom a raid would be much more effective. We may receive bombs intended for others."

Chagnon Organizes Druggists

For Defense Preparations Throughout State

Commissioner Wilfred Chagnon of the Massachusetts Board of Pharmacy and well-known owner of the F. A. Hubbard Drug Company of Newton, has been appointed Co-Chairman of the Medical Defense Division of the Massachusetts Committee on Public Safety. This move is in collaboration with the United States Office of Civilian Defense.

As assistant to Dr. Elliott C. Cutler, Director of the Medical Executive Committee on Public Safety, Commissioner Chagnon, in cooperation with the Massachusetts State Pharmaceutical Association, is perfecting the organization of all drug stores in the Commonwealth to be prepared for any War Emergency call.

The Medical Defense Committee, Commissioner Chagnon states, has divided the State into ten divisions covering every city and town. In each of these ten divisions, certain designated drug stores are to be made Auxiliary Emergency Medical Depots with special first aid cabinets and equipment. Only air raid warden and doctors or nurses connected with Civilian Defense will have access to this equipment.

These Auxiliary Emergency Medical Depots, are being set up to work with the 450 Mobile First Aid Units already organized by Dr. Cutler's Medical Executive Committee. These Mobile Units are apportioned one for each 10,000 population throughout the State with each unit fully equipped to help in any disaster.

Police Taking Wardens' Prints

Police this week resumed the fingerprinting and photographing of Newton ARP Wardens with prospects of having to provide this service for some 4,000 persons. The work is being done Monday, Tuesday and Wednesday evenings at police headquarters for about 150 persons each night. Last fall a staff fingerprinted the original ARP members numbering more than 1,500 but with the enlargement of the organization to provide for three shifts the additional work became necessary.

Fingerprints are being taken by Lieut. Daniel E. Crowley, Sergeants Patrick J. King, Richard L. Bannon and Phillip Purcell and Inspector Joseph B. Lyons of the inspectors' division. Photographs are taken by the traffic bureau by Sergeant Thomas Burke. Inspectors Alfred W. Hammett and William H. Dowling. Fingerprints are sent to Washington where similar records of all civilian defense workers are to be kept.

extent of Newton. The people of Newton before Dec. 7 had done more than many communities and they have not been idle since then, but we are not prepared the individual citizen can correct this condition.

"Many good citizens are asking, 'What can I do?' One answer is, 'Think what Hitler would like to have you do, and then do the opposite.'"

The committee then listed suggestions of what residents may do to help, how to prepare homes for air raids, and what to do during an air raid.

Concerning blackouts, the committee stated that except in rooms which have been prepared for blackouts, the law requires that all lights in homes must be extinguished within three minutes after an air raid warning. This means you must turn off all lights when you leave your house empty," the statement continued.

It was announced that the number of citizens who have volunteered for auxiliary fire and police service has reached 800 and that some of them are already on duty each night "while the rest of Newton sleeps."

The signal to be used as a warning when air raids are imminent will be repeated short blasts of the sirens. When the danger is over, the sirens will sound long blasts to announce "all clear."

Citizens Ask Waban Bus Line

Aldermen Conduct Hearing On Beacon St. Service

Many Waban citizens, led by presidents of two improvement associations, were present before the Newton aldermen on Monday night to favor the proposed Beacon st. bus line, a trial of which was recommended by the State Public Utilities department recently. Though the petition was presented by the Middlesex & Boston street railway, counsel for the company stated that the company was not in favor of it and had filed the petition at the request of the state division. The petition was referred to the committee on franchises and licenses and no action was taken at Monday night's meeting.

Henry I. Morrison of Evelyn rd., Waban, spoke for the Waban residents, stating that more than 50 houses had been erected in the neighborhood since a similar petition was rejected two years ago. Children on their way to school crossed the Newton Cemetery because of insufficient bus service. Even though the railway had to operate the line at a loss, he believed that residents were entitled to the same transportation facilities that other sections enjoyed. The present bus line leaves Beacon st. at Woodward, passes through Newton Highlands and rejoins Beacon st. at Newton Centre, leaving nearly two miles of Beacon st. without bus service.

The Waban Improvement Association recorded its approval through Walter B. Hatfield of Quinobegun rd. The Newton Lower Falls Improvement Association also expressed its favor by its president Paul H. Drake.

Attorney Francis B. Turner, counsel for the company, asserted that there was insufficient bus traffic to make the additional line pay and that the present Waban service through Woodward st. was barely self-sustaining. He added that the road was also finding difficulty in getting new buses and equipment and that officials were discussing the possibility of changing school buses from school runs to express buses from school runs.

Letters were also read from several individuals favoring the bus line.

Hickey Leads Officers Company

Captain Edward A. Hickey, Newton police officer, and captain of a heavy weapon company in the 101st Infantry, 26th Division of the Mass. National Guard, has been Company C commander of more than 200 officers at the Infantry School's rifle and heavy weapons course at Fort Benning, Ga. Captain Hickey, 39, and six-foot three, has been a highly competent and co-ordinated team at the infantry school where he is one of the most popular commanders.

Captain Hickey was too young for World War I but shortly afterward became active with the 101st Infantry regiment which records its history from the Civil War and has participated in 10 major battles. The Hickey family was represented in the first world war by Captain Thomas Hickey, brother. Captain Ed Hickey has been at Fort Benning before having attended a machine gun school where he stood second in his class.

Announcement has been made by the Auburndale Men's Club, Franklin K. Hoyt, President, that Colonel Edwin H. Cooper, D. S. C., will give his new illustrated lecture, "Behind the Scenes in England," at the Auburndale Congregational Church on Friday evening, Feb. 6, 1942.

Colonel Cooper on October 3rd last boarded a plane for England for the sole purpose of filming in color a record of the English people as they are carrying on under war conditions. His flying time over was 11 hours and 55 minutes and in contrast it required 26 days plus four destroyers for his return trip.

Concentrate For Final Effort

Newton is getting its second wind for the last lap of the United War Fund Campaign, according to the latest communique from Fund headquarters.

Daily returns rolling up in the central office, 93 Union st., Newton Centre, indicate that Newton will go over the top and will make this announcement at the final rally of workers to be held at the Newton High School on next Tuesday evening, Feb. 10.

But with only six days to go before the final gong sounds, there is still about \$45,000 or 17% of the goal to be subscribed.

"We have done a tremendous job," said Neil Leonard, chairman of the Newton Campaign organization in a late message to workers. "Already we have achieved what many people would have thought impossible before the fateful events of Dec. 7, when Japan launched her attack in the Pacific. We have raised 83% of our goal of \$255,000 in just two weeks. But we cannot sit back complacently and congratulate ourselves until every penny of our quota has been subscribed."

"We all know that the last long weary mile is the one that counts; so, while we trudge that mile here in Newton, we'll think of MacArthur's men in the Philippines, dog tired, desperate, driven back but hanging on grimly until reinforcements come."

"Every dollar contributed to this United War Fund is an answer to the prayers and appeals of our American troops in all parts of the world."

"Our support of the United War Fund gives the Red Cross money to help our boys and their families. It provides money for the U. S. O. and local Soldiers and Sailors' Committee to give needed rest and relaxation to service men when off duty. It helps to maintain our own hospitals and social service agencies to keep the community stable in wartime and care for those in need on the home front."

"Under the leadership of the General Chairman of the Fund, Maynard Hutchinson, a Newton resident, who was recently hailed by Governor Saltonstall as 'one of the great Fund leaders in all time,' we will make the final effort and sacrifice required to finish this great job for humanity."

The Campaign is a matter of interest to all Newtonians. It is reached at the final rally in the Newton High School on Tuesday evening, Feb. 10, when members of the soliciting organization will get together to hear announcements of the final returns and take part in a unique Victory Rally.

As of Tuesday the following villages were reported by their chairmen to have gone over the top:

Auburndale, Chestnut Hill, Newton Highlands, Newton Lower Falls, Newton Upper Falls, Newtonville, Oak Hill and Waban.

Asks Compulsory Bike Registration

Chief Michael T. Hughes of the Newton Police Department has presented a recommendation to the Newton Board of Aldermen asking that the city accept the provisions of the state law enacted last year providing for the compulsory registration of bicycles. The matter will be studied by the claims and rules committee following a public hearing to be assigned. The city last year began a volunteer method of bicycle registration and has about 2,000 of the estimated 5,000 such vehicles on its lists. The compulsory plan has been endorsed by the Newton Safety Council which has provided all members of the Board of Aldermen with copies of the legislative act.

A factor which enters into consideration of the compulsory method is whether or not the shortage of metals will make it impossible to provide registration plates. Last year at the voluntary registration each bicycle owner received a plate to be attached to the vehicle. The registration of bicycles is designed to promote safety and discourage theft. Sponsors of the movement predict that legal control of this method of transportation will become more urgent with the growing shortage of tires.

Rev. Roger Williams Bennett, minister of St. Mary's Episcopal Church and Mrs. Bennett, spent several days last week on a vacation at Newport, R. I.

HUNNEWELL CLUB

Family Night at the Hunnewell Club on Jan. 17 was a big success despite the fact that many people had to attend the air-raid warden's meeting at the High School. Over one hundred people were served an old fashioned bean supper, which was followed by movies and general use of the facilities of the club.

Feb. 7th is to be Club Night at the Hunnewell Club. The speaker is to be Mr. Joseph Limric, who will follow his talk with official sound motion pictures of our first line of defense, the United States Navy, as seen through the eyes of a layman.

Rotarians Hear Talk On Europe By N. U. Head

Dr. Carl S. Ell, President of Northeastern University, which has an enrollment of 5686 students, addressed the Newton Rotary Club and took for his subject "The Unfinished Task."

"It was on the evening of August 3, 1914, the day on which Lord Grey, the Foreign Secretary for Great Britain, had made his historic speech in the House of Commons, preceding the Declaration of War on Germany. He left the House of Commons and went to the Foreign Office on Whitehall st., where he spent the early evening hours.

"It is not surprising that as dusk enveloped the city, Lord Grey looked out of the window and watched the street lamps being lighted one after another up the street, and said to a friend, 'The lamps are going out all over Europe. We shall not see them lit again in our lifetime.' Lord Grey little knew how prophetic his words would prove to be. Not only in Europe but throughout the world the shadows are deepening, and the lights are fading one by one.

"When Lord Grey said the lamps were going out all over Europe, he did not mean an oil lamp, or a gas lamp, or an electric light, or any kind of street lamp. He meant that the light of truth was going out—that soon truth, as such, could no longer be allowed the light of day.

"As Lord Grey looked down the street on that fateful night he saw the light of honor disappearing from Europe. No longer would the light of national honesty and national integrity shine. He saw Europe entering a long period of deep dishonor and integrity. He saw that national treaties were to become 'scraps of paper' and national pledges empty words.

"Lord Grey saw the light of justice disappearing from among men. He saw that the light of freedom was to go out all over Europe.

"Like a flash that marks a short circuit and then utter darkness, a red glow did appear in the sky in the center of Berlin—a vivid red glow that marked a literary fire, a fire which was burning freedom from the heart of the Third Reich, for freedom stood in the way of the totalitarian ideal.

"On a night in May, 1933, Nazi students touched into flames 25,000 volumes of writings unwelcome to the Nazi State—books that had to do with freedom to think and freedom to act—writings that supported free speech, free assembly, and free worship.

"No longer should man in Europe have a voice in the Government under which he lived. No longer should there be freedom from want and freedom from fear. No longer could man worship as he saw fit, but rather that these freedoms were to vanish from that part of the world.

"Lincoln in his Gettysburg Address was thinking far beyond the Civil War and the immediate struggle. He was thinking not only of the Union, and of the welfare of this nation, but also of the preservation and promotion of the free way of life, down through the years. He had in mind another light—the unquenchable light—the eternal light—the light of the human spirit.

"In times like those which Lincoln faced and in times like these today, we are apt to let current events obscure the lessons of the past. We should remember our history—the long struggle of the human race. History records the unceasing struggle of the many against the will to power of the few.

"Hitler is like the other great takers by force who have set out to conquer the world. His pattern is the same as earlier tyrants and despots, but executed with more modern and more terrible instruments.

"Like Rome of an earlier day, Nazi Germany may flourish for its brief moment. Its blood-thirsty power and its armed might now seem formidable and invincible. So once seemed the power of Rome. Rome once ruled the world. But Rome fell. Hitler and his allies may hammer nations into temporary submission, but their evil hands will wither and decay."

Dr. Ell, who is a resident of Newton, was introduced by Dr. Cecil Clark.

60TH WEDDING ANNIVERSARY

Mr. and Mrs. Pierre LeBlanc of 49 Falmouth rd., West Newton, celebrated their 60th wedding anniversary on Saturday evening, January 31, when about 200 of their relatives and friends attended a reception given in their honor at the Legion Home in Waltham. Frederick LeBlanc, Jr., a grandson of the couple, presented the family's gift of a huge bouquet of roses with money tied to each bloom. In addition Mr. and Mrs. LeBlanc received many flowers and other gifts. On Saturday morning in St. Michael's Church in Cape Breton where Mr. and Mrs. LeBlanc were married, a high mass was celebrated in honor of their anniversary. The couple have four children. Mrs. Bertha Glade of Bridgeport, Conn. Mrs. Wilfred D. Keller of Newton Centre, Frederick LeBlanc of Waltham and Miss Lucille LeBlanc of West Newton. They also have eight grandchildren and eight great-grandchildren.

The Woman's Society of Christian Service will hold an all-day sewing meeting at the church, February 11, at 10:30 a. m. in the Parish Hall of the First Methodist Church. The Missionary Luncheon will be held at 11 a. m. Luncheon will be served at 12:15 p. m. Business meeting will be held at 1:30 p. m.

The dedication of the Children's Unit of the First Methodist Church on January 11 has attracted wide notice. The current issue of the Zion's Herald carries a full story with a picture of the Children's Unit of the International Bureau of Architecture (New York) has asked for a picture of the window to show throughout the country.

The Gospel Team from the Boston University Team from theology will assist at the Senior Epworth League Society meetings and the evening meetings on Sundays at the First Methodist Church during the month of February. Mr. Clyde Ash of West Virginia will be the captain of the team, who comes to the Parish at the invitation of Dr. Hobart F. Goewey, pastor of the church.

Mrs. Lillian Hamilton, who is the guest of her brother and his wife, Mr. and Mrs. James Hamilton of Cottage st., was pleasantly surprised on last Sunday evening when a group of eleven members of the Dorcas Society of the Second Baptist Church brought her a gift of an invalid's extension table. Mrs. Hamilton, who is a shut-in, is loved by her friends for her cheerful optimism.

Defense Stamp posters, made by Mrs. Somerby's troop, were judged by Mrs. William McAdams, Mrs. Fred Hardy, and Miss Antoinette Meyer. Prizes of Defense Stamp booklets and two stamps were awarded to Barbara Learnard and Betsy Marshall.

Nationally Known Negro Speaker at Newton Centre

The First Church in Newton, Newton Centre, is planning an evening of unusual interest for Monday, February 9, at 7:45 p. m. at the church. The Committee on Social Relations, in conjunction with the Women's Benevolent Society and the Men's Club, has arranged for the nationally known Negro speaker, Mr. Lester B. Granger. Mr. Granger is Assistant Executive Secretary of the National Urban League, and his timely subject: "National Defense and Minority Groups."

The general public is cordially invited.

A list of the sponsors follows: Mr. and Mrs. K. C. Attles, Prof. and Mrs. H. M. Bowman, Rev. and Mrs. H. M. Bowman, Rev. and Mrs. F. B. Brigham, Mr. and Mrs. H. P. Carver, Mr. and Mrs. C. L. Churchill, Mr. and Mrs. H. S. Cleverland, Rev. and Mrs. Vaughan Dabney, Mr. and Mrs. D. J. Edwards, Mr. and Mrs. H. K. Fischer, Mr. and Mrs. D. D. Fletcher, Mr. and Mrs. K. E. Fortune, Dr. and Mrs. H. G. Giddings, Hon. and Mrs. P. M. Goddard, Mr. and Mrs. C. H. Hoyt, Mr. and Mrs. L. T. Jenney, Mr. and Mrs. K. A. Juthie, Mr. and Mrs. E. K. Kasey, Mr. and Mrs. S. P. Lovell, Miss Agnes F. Noyes, Mr. and Mrs. G. W. Palmer, III, Mr. and Mrs. L. S. Pruyn, Mr. and Mrs. E. F. Rockwood, Mr. and Mrs. H. R. Seward, Mr. and Mrs. Charles Sprague, Mr. and Mrs. G. E. Squier, Mr. and Mrs. L. E. Thayer, Mr. and Mrs. D. W. Tibbott, Mr. and Mrs. J. M. Tomb, Miss Louise Walworth, Prof. and Mrs. Amos N. Wilder.

PHI SIGMA RHO PLANS FORMAL DANCE

Phi Sigma Rho, sorority of Newton is making plans for their annual dance to be held on Feb. 14th at the Woodland Country Club. The proceeds are to be devoted to the U. S. O.

The committee consists of Mrs. Harry K. Steady, chairman, Mrs. N. A. Roffee, Mrs. C. M. Chandler, Mrs. Lester Marshall, Miss Marjorie Midgley, Miss Jane Hutchinson.

LASELL JUNIOR COLLEGE

Educational movies were shown at assemblies during the week entitled "Minutes Are Pennies," "Stone Carving," "Unseen Worlds," "Aladdin and the Genie," and "The Last Days of Pompeii." Students of Lasell will meet at the Hotel Vendome on Saturday for the annual mid-winter reunion.

Dr. Ashley Day Leavitt will be the Sunday vesper speaker.

Kiwanis Activities

A meeting of the Newton Kiwanis Club was held February 3rd at the Newtonville Women's Club at 12:15—thirty-six members being present.

The guest of the day was Rev. Otis R. Heath of the Immanuel Baptist Church of Newton who next week will be inducted as a member.

International Trustee James Gallagher who has just returned from the Baltimore Kiwanis Club, where they celebrated the 27th Anniversary of the Kiwanis International and also the 26th Anniversary of the Baltimore Club, gave us a very fine talk on what Kiwanis International is doing in co-operation with the Government for our National Defense. He personally said that as Kiwanians and people as citizens should forget the slogans on winning the war and prescribe real sweat, hard work and sacrifice. This is the only real way to help win the war.

The speaker of the day was Mr. William C. Waugh. His subject was "Organization of National Defense." He defined for us the many different departments that it takes for our Government to set up National Defense at the same time carrying on the war. He is affiliated with the Moore Printing Company of Boston, who at the present time is publishing a book on this same subject.

FLY-UP CEREMONY

Over 50 Brownies and Girl Scouts participated in the mid-year fly-up held last Friday at the Eliot Church. Mrs. Hardy, the leader of Troop 12, and the following girls: Deborah Martin, Ruth Abrams, Barbara Gee, Jerry Moore, and Susan Friend received five new members as they became members of Troop 12.

Mrs. Duvay, leader of Troop 75, had two Brownies who flew up: Barbara Andrews and Marcia McNeil. Mrs. Somerby, leader of Troop 77, had three fly-ups: Ann Fanning, Barbara McAleer, and Mary Ann Merrill.

Defense Stamp posters, made by Mrs. Somerby's troop, were judged by Mrs. William McAdams, Mrs. Fred Hardy, and Miss Antoinette Meyer. Prizes of Defense Stamp booklets and two stamps were awarded to Barbara Learnard and Betsy Marshall.

Safety Record In 1941 Improved

For the second successive year Newton has attained first place in highway safety in its population class, and, according to the figures announced this week by the Massachusetts Safety Council, set a better record in 1941 than for the preceding year. Last year the number of persons injured in auto accidents was 641, the same number as in 1940, but the number of fatalities and collisions was less. In 1941 five persons were killed while in 1940 eight were killed. The number of collisions in 1941 was 410 while in 1940 there were 436.

Newton Curate Made Pastor

Rev. James M. Daley, senior curate at St. Bernard's Church, West Newton, has been made pastor of St. Thomas' Church in Wilmington, Mass., as announced this week by Cardinal O'Connell at the diocesan offices in Brighton. Fr. Daley came to West Newton six years ago after serving as chaplain of Marycliff Academy in Arlington for 17 years, where he was assigned after his ordination in 1918.

Plan Classes In Alien Education

Arrangements are being made for the opening of classes in Newton under the alien education program for which Congress appropriated \$14,000,000. The courses are to be conducted under the direction of the State Department of Education. The teachers for the courses are to be taken from the ranks of the WPA workers and will be trained for teaching jobs by the State Department of Education. Two such teachers for Newton are being trained at present and as soon as their training has been completed the classes in Newton will be started. They will be conducted on an all year around basis.

Citizenship classes are already being conducted in Newton but under the Federal program the work will be greatly expanded.

Red Cross Motor Corps In New Office

The Newton Motor Corps are now located in their new office at 829 Washington st., Newtonville, which is open daily from 9 to 4 and Saturdays from 9 to 12. For a window decoration there are displayed the furnishings of an auxiliary ambulance which consists of two stretchers, two leg and two arm splints, four warm blankets, red cross disaster flag, maps, flashlight and first aid equipment.

At the present time there are 95 Newton women working in the corps. It is divided into 2 groups, the first reserves, who are on twenty-four hour call and are disaster trained and the 2nd reserves who are not taking the defense training but are carrying the regular hospital work. The women in the first reserve have been training for months past and are now ready to meet any emergency. There are eight fully equipped auxiliary ambulances.

There are now two groups taking motor mechanics courses. The majority have had first aid and the rest are taking that course now. The Corps has military drill, stretcher drill and convoy work once a week.

Mrs. Marian B. Lane of Waban is captain, Miss Grace Cummings, adjutant, and Mrs. Rachel Brown, Mrs. Marian Dunkle and Mrs. Marietta Steadfast, Lieutenants.

Series of Meetings To Open With Discussion Of City Employee Wages

The Local Affairs Committee of the Newton League of Women Voters, Mrs. John MacNeil, chairman, has planned a series of four open meetings to be held in the Community Room of the Newtonville Library for the study of Local Affairs. The first meeting will take place on Monday, February 16, at 2:30.

The committee believing that "Good Government can be better," will receive criticisms of city procedures, officials and departments, will seek unbiased information, will present it at an open meeting and if necessary will attempt to make intelligent recommendations to proper authorities. In this manner it is believed that many critical rumors may be sifted and situations smoothed out. In local as in national government unfounded criticisms are dangerous.

The subject on February 16 will be, "Pay Increase to City Employees; is it justified and, if so, how can it be met?" Later meetings will be on Mondays in March. Subjects will be announced in due time. All are welcome.

Letters To The Editor

Cape Cod Reader Enjoys His Graphic

East Brewster, Mass.
February 3, 1942.

Editor, Newton Graphic:
What a joy it is to receive my weekly copy of the GRAPHIC. You might be glad to know what I found of interest in the last issue.

The Defense Work and the Community Fund effort I have followed from the GRAPHIC as well as from the Boston papers.

The item on the Community Forum was noted.

The Kiwanis notes telling of Herb McGill's talk on that interesting topic, "The Economic Outlook for 1942." Also under Kiwanis, I find Frank Lombardi was initiated. Both Frank and his charming wife were Stearns School pupils of the long ago. Furthermore I find my old pal, Wm. Jassett is furnishing depository for old papers and magazines to be sold for the underprivileged Children's Fund—just like William.

The letter on "Appreciation of State Institutions" was a gem.

Under "25 years ago" I find, "The School Committee made Albert M. Lyon chairman of the Board, worthy successor to such men as Wm. H. Rice, Henry Bothfeld and Robert S. Gorham. How well I remember all of them—such men as few cities were fortunate enough to equal.

Then under "Day Jr. High" I find many of my former pupils active—one the president of the ninth grade class.

The Sports items were also read with interest.

Thus you can see what a copy can mean to a reader now miles away from "Mecca."

Cordially,
KENSELM WINSLOW.

LEAGUE OF WOMEN VOTERS

The Committee for Government and Social Welfare of the Newton League of Women Voters has planned a study group on the subject of "Relief in Defense," to be held on Thursday, February 12th, at 2:30, in the Community Room of the Newtonville Library. Mr. T. F. Reynolds, Director of Welfare and Relief in the City of Newton, will speak. All interested are cordially invited to attend.

Newton Receives Congratulations

MAYNARD HUTCHINSON

The following telegram was received by Mr. Neil Leonard, Chairman of the Community Chest, 93 Union st., Newton Centre, from Mr. Maynard Hutchinson, General Chairman of the Greater Boston United War Fund.

"Newton's achievement in the United War Fund Campaign is a shining example of civic responsiveness to urgent needs. The people of Newton and the Campaign organization of the Newton Community Chest took on a heavy responsibility without flinching. That you have carried it through so triumphantly is proof of Newton's stout heart and thoughtful, generous spirit. I have always been proud to be a Newtonian. I am prouder still today. Congratulations on a difficult job well done."

Signed,
MAYNARD HUTCHINSON,
General Chairman.

Approval Given For Painting and Repairing Fire and School Buildings

WPA officials in Washington have approved the project for the painting and repairing of two fire stations and nine school buildings in Newton at a cost of \$90,174 for Federal labor and \$28,359 in materials to be purchased by the city.

The fire stations to be painted and repaired are Engine 1 house at Newton Corner and Engine 7 house at Newton Upper Falls. The school buildings are the Classical and Technical High Schools at Newtonville, the new Hyde School at Newton Highlands, Davis School at West Newton, Angier School in Waban, Bowen School at Newton Centre, Williams School at Auburndale and the Underwood and Bigelow

Jr. High Schools at Newton Corner.

The project will give employment to 38 men for a period of two years and will be undertaken immediately. The Board of Aldermen has already appropriated \$5,000 for materials and will add more funds from time to time as needed.

All of the eleven buildings except the Bowen School will be painted on the exterior and all will undergo interior renovations which in some instances will include new floors.

READY FOR SELECTIVE SERVICE REGISTRATION

All Male Citizens and All Other
Male Persons 20 To 44 Inclusive
Must Report February 15th or 16th

The three local draft boards of the city of Newton have designated the 15 public school buildings as places for registration Sunday and Monday, February 15 and 16. The registration places will be open on Sunday, the 15th, from 9:00 a. m. till 5:00 p. m., and on Monday following from 7:00 a. m. until 9:00 p. m.

Selective Service headquarters has advised that all registrants should bring with them some means of identification, such as a social security card, a driver's license or membership card in some organization.

The following is quoted from the Boston Herald, Feb. 9:

"Most men who register next Sunday and Monday will not be considered for military duty until those now registered with their local draft boards are either inducted into armed service or deferred. With few exceptions, this means that men 20 to 21 and

those between 37 and 45 will not be (immediately) considered for military service."

The schools designated with the chairman in charge follow:

Local Board 112: Wards 1 and 2, Thomas Weston, chairman; Newton High School Cafeteria; Davis Kindergarten, Waltham st., West Newton; Pierce, Room 7, Chestnut st., West Newton; F. A. Day, Rooms 8 and 9, Walnut st., Newtonville; Lincoln-Elliott Assembly Hall, Pearl st., Newton; Underwood Assembly Hall, Vernon st., Newton.

Annual Meeting and Dinner Of Newton Hospital Held

At the business meeting held at 5:15 p. m. the usual committee reports were given followed by the election of officers and trustees: President, Mr. Frank L. Richardson; 1st Vice-President, Mr. Clarence G. McDavitt; 2nd Vice-President, Mr. Clifford H. Walker; Treasurer, Mr. W. Elliott Pratt, Jr.; Clerk, Mr. C. Raymond Cabot.

Four new trustees were elected: Mr. A. Leslie Harwood, Newton Centre; Miss Louisa Hunnewell, Wellesley; Mr. E. Prentiss Jones, Newton Centre; Mr. James V. Toner, West Newton.

Mr. Gerhard Hartman, who is succeeding Miss Bertha W. Allen as administrator, was then presented to the Board.

Miss Allen, in presenting her report, gave a brief outline of the hospital's progress since its incorporation in 1881, contrasting the methods and equipment of fifty years ago with those of today. She also reported, among other gifts, two received that day—a "quick-freezing unit" for the Blood Bank from the Newton Hospital Aid Association, \$300, and \$100 for the Jessie H. Talbot School of Nursing Library from the founder of the Fund, Mrs. Talbot.

At the dinner meeting the invocation was given by Dr. Edward T. Sullivan.

The special guests included Mayor Paul M. Goddard, Mr. Charles B. Floyd, President of the Board of Aldermen, Mrs. A. Farwell Bemis of Chestnut Hill, Mrs.

Newhall Retires After More Than 40 Years' Of Service

Francis Newhall, who retired last Saturday as city treasurer and tax collector after 36 years of service, was honored by nearly 200 of his friends and associates in Newton city government by a dinner at the Brae Burn Country Club. Mayor Paul M. Goddard presented him with a purse in recognition of his long years of faithful service, during which time he has seen the taxes raised by the city increase from \$1,183,096.66 in 1905 to \$4,730,122.60 raised in 1941. During these years the valuation of taxable property in the city has increased from \$69,635,370 to \$168,932,950.

Speakers included Joseph W. Bartlett, city solicitor, toastmaster; Tax Commissioner Henry F. Long, former Mayors Sinclair Weeks and Henry E. Bothfeld, John W. Murphy, chairman of the assessors; Charles R. Cabot of the school committee, Frank L. Richardson, executive vice-president of the Newton Trust Company, and Rep. Clarence C. Colby, Newhall's successor.

Colby Now City Treasurer And Collector

CLARENCE C. COLBY
New City Treasurer and Collector

Representative Clarence C. Colby, assumed office as City Treasurer and Collector last Monday. His desk was bedecked with flowers from his many friends and well wishers.

At the same time his predecessor Francis Newhall retired after more than 40 years of service. Colby was unanimously elected to the office by the Board of Aldermen on Jan. 1st. He had served as an assistant to Newhall since last August.

Before his election as representative from the Fourth Middlesex District at the last election, he served as a member of the Board of Aldermen for six years. He is a graduate of Harvard College and Harvard Law School and has been a practicing attorney for 30 years. For 17 years he was president of the Samson Electric Company.

Treasurer Colby paid high tribute to his predecessor for the efficient manner in which the department has been operated. He pointed out that up to the first of January 85.2 per cent of the 1941 real estate taxes, 97.15 per cent of the personal property taxes, and 95.2 per cent of poll taxes and 94.3 per cent of excise taxes had been collected.

Mr. Newhall joined the department in 1899 and was appointed its head in 1906.

Newton Ranks 3rd In State In Volume Of Residential Construction In 1941

In the annual report issued by the State Department of Labor and Industries, Newton ranks third in the State in the volume of residential construction planned last year, being exceeded only by Boston and Worcester in the total valuation of residential building projects carried out, undertaken or planned as revealed by building permits issued in 1941.

In the volume of all types of building work planned last year, Newton was seventh with a total of \$2,889,245, and was also in third place in the number of new dwellings, with a total of 357.

In the number of family accommodations planned, Newton was in fourth place, with 398.

In two-family houses, Newton led with 66, and was third in accommodations in one-family dwellings, with 320.

Talks To Members of
Lucy Jackson Chapter

Hon. Paul M. Goddard, mayor of the City of Newton, was guest speaker at the regular meeting of Lucy Jackson Chapter, D. A. R., at the Chapter House in Newton Lower Falls, on Monday afternoon, February 9th. Mrs. Holcombe J. Brown regent, presiding. Other honored guests included Mrs. Thomas L. Smith, National Chairman of the C. A. R., Grandmother's Committee, and little Sally Smith, Second President of the C. A. R. Cradle Roll, State of New Jersey. Mrs. Smith gave an interesting account of how she founded the C. A. R. Cradle Roll.

Mrs. Bernard A. Chancellor, of Newton was greeted as a new member.

The Chapter voted to amend the by-laws in order to increase the house committee. Also it was voted to send a sum of money to the Community Chest.

Mrs. Frank M. Sherman, chapter member of the "Approved Schools" State committee, read letters thanking the Chapter for seven cartons of clothes sent to Crossmore School in South Carolina, also Christmas gifts and money sent to Hillsdale School in Massachusetts. The D. A. R. (Continued on page 8)

\$293,000, Or 103.6% of Quota,
Raised According To Final
Rally Held Tuesday Evening

At a victory rally held Tuesday night in the Newton High School, it was announced that the City of Newton had gone over the top and exceeded its goal in the Greater Boston United War Fund Campaign. Amid scenes of unprecedented enthusiasm, campaign workers crowded into the High School auditorium, to acclaim their community triumph and the future victory of this country in the total war.

Neil Leonard, Chairman of the Newton Campaign Organization announced that the City of Newton had raised \$293,000 or 103.6 per cent of its goal of \$282,500. He reported that the Advance Gifts Division had collected 104 per cent, the Woman's Division 101.1 per cent, the Residential Division 103.6 per cent, the Municipal Division 95 per cent, and the Business Division 100 per cent.

"When we launched this great campaign for our country, our community, and humanity," said Mr. Leonard, "we felt sure that Newton, which has never lagged in a duty to its citizens nor to the nation, would do its part faithfully and loyally in support of the United War Fund."

"We were given a large goal to reach—\$282,500. This was by far the largest sum that we had ever attempted to raise and it was therefore a tremendous responsibility for us to accept this challenge. But the people of Newton accepted it and so signified their willingness to support our community and our country in its hour of peril."

"We have not been disappointed. Newton residents have done a magnificent job in exceeding their objective. We have lived up to the standard of thoughtful and patriotic giving, set for us by Greater Boston's General Chairman, Maynard Hutchinson, a Newton resident. We are proud of our five divisions—proud of all of our thirteen villages which responded so patriotically to the appeal for the American Red Cross, the U. S. O., the Local Soldiers and Sailors Committee, and our own health and social agencies."

"An outstanding feature of this

campaign has been the increase in the number of contributors. We have not had time to compute this increase, but we know that hundreds of people who had never before given responded this year."

The rally was in the nature of an entertainment and a community get-together. The Players, Inc., gave a notable performance of "A Slight Case of Murder," directed by Mr. Fay Roope. A spectacular feature of the program was the illuminated flag of thirteen stars and thirteen stripes representing the Newton villages. Mr. Thomas Shirley, chairman of the Residential Division, introduced each village chairman, and as each gave his report, a button was pressed and a star and stripe appeared for his village.

At the close of the meeting a resolution was adopted thanking all who had given their services so freely. The NEWTON GRAPHIC had previously been commended for its generous donation of space to the publicity of the campaign and for its faithful reports of the progress of work.

A large campaign flag was then lowered and the audience joined in singing "God Bless America," led by Miss Ruth Perkins. This affair, like the opening dinner, was under the direction of the Special Events Committee.

Newton To Be Awarded Trophy For Safety

The Massachusetts Safety Council has notified Mayor Paul M. Goddard that due recognition will be accorded to the City of Newton for again winning first place in the 1941 highway safety contest at the 21st anniversary dinner of the Council to be held at the Hotel Statler on March 27, when it is expected that the trophy won by the city in 1940 will again be presented. For permanent possession the trophy must be won for three years.

Street Car Crashes Into Stalled Auto

A car driven by Mrs. Margaret Bickerstaffe of 64 Nonantum st., Newton, stalled on the Boston Elevated tracks as she was making a left turn from Marlboro st. into Tremont st. on Saturday night, resting across both tracks. When Mrs. Bickerstaffe found she was unable to start the car, she sent her 8 year old daughter who was riding with her home for assistance and turned the headlights to the high beam so it would be visible to approaching traffic. A moment later on hearing the approach of a street car inward bound, she started the car and the car trying to attract the attention of the motorman, but as the car came around the curve it struck the side of the automobile and pushed it a distance of 50 feet before coming to a stop. When he saw the car the motorman applied his brakes but was unable to avoid the collision.

Driver Wanted For Manslaughter

Driving a car which had been reported as stolen in Brighton, an alleged auto thief stopped at the Chestnut Hill Garage at the corner of Commonwealth ave. and Waban st. on Wednesday evening and ordered gasoline. After the attendant had pumped the gas into the tank the driver started the car and drove away speedily. The police were notified and on investigation found that the car had not only been stolen but that the driver was wanted on charges of manslaughter by the Brighton police.

Mrs. Albert D. Auryansen of 27 Jenison st., Newtonville, received injuries last Friday while riding in a taxicab which was in collision with a milk truck at the corner of Central ave. and Turner ter., Newtonville. The milk truck driven by James M. Moore of 39 Harriet ave., Belmont, was coming out from Turner ter. on to Central ave. as the taxicab driven by Edward P. Foley of 11 Austin st., Newtonville, was proceeding southerly on Central ave. Both drivers tried to avert the collision, the cab driver trying to make a quick right turn into Turner st. and the driver of the truck tried to stop, but his machine skidded and hit the cab. Mr. Auryansen was removed to her home.

CHRISTIAN SCIENCE

"Lo, this is our God; we have waited for him, and he will save us: this is the Lord: we have waited for him, we will be glad and rejoice in his salvation." These words from Isaiah 25:9 comprise the Golden Text to be used Sunday, February 15, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The subject of the Lesson-Sermon will be "Soul." Included among the Scriptural selections will be: "O bless our God, ye people, and make the voice of his praise to be heard: which holdeth our soul in life, and suffereth not our feet to be moved" (Psalms 66:8, 9).

The following passage from the Christian Science textbook, "Science and Health With Key to the Scriptures" by Mary Baker Eddy, will also be included: "Immortality, exempt from age or decay, has a glory of its own—the radiance of Soul. Immortal men and women are models of spiritual sense, drawn by perfect Mind and reflecting those higher conceptions of love which transcend all material sense" (p. 247).

Perfect conditions are provided in the new First National market for meats, fish, poultry and all other perishables. All meat and fish displays are kept in these spotless lighted cases at just the right temperature to keep the foods in top condition until carried away by the customer.

Littlehale of Belmont, on Saturday evening, February 7, at 8 o'clock in the Central Congregational Church, Newtonville. The Rev. Randolph S. Merrill performed the ceremony which was followed by a reception at the home of the bride's parents.

The bride wore a gown of white satin and cut velvet brocade. Her long tulle veil was caught to a Juliet cap of princess lace and seed pearls which had been worn by her mother and she carried a cascade bouquet of white roses and gardenias. Mrs. H. Reg-

BROOKS—WYMAN

MRS. JOSEPH W. BROOKS nee Joanne Wyman

At a quiet home wedding which took place on Friday, February 6, at the home of her mother, Mrs. H. T. Wyman of 25 Walden st., Newtonville, Miss Joanne Thayer Wyman became the bride of Joseph Wagner Brooks, 3rd, son of Mr. and Mrs. Charles Girard Brooks of Milwaukee, Wisconsin. Rev. J. DeWolf Perry, Jr., of St. John's Episcopal Church, Newtonville performed the ceremony which was attended only by the immediate families.

The bride wore a gown of white crepe trimmed with duchess lace which had been worn by her great aunt. Her tulle veil had a cap of matching lace and she carried a bouquet of gardenias and sweet peas. Due to the illness of her father, Mr. Oliver Aldrich Wyman, the bride was given in marriage by her brother. She was attended by Mrs. Howard Whitmore, Jr., of Newton Highlands as matron of honor and Miss Ruth Manning of Philadelphia, Pa., as maid of honor. They wore princess gowns of rose velvet and carried bouquets of mixed spring flowers.

Frederick H. Cook of Wenhams was the best man. There were no ushers.

On their return from a short wedding trip Mr. and Mrs. Brooks will reside at 2 Chauncey st., Cambridge.

The bride attended Boston University College of Practical Arts and Letters. Mr. Brooks was graduated from the University of Wisconsin.

MORTON—DILL

MRS. WARREN G. MORTON nee Janet B. Dill

Miss Janet Bosch Dill, daughter of Dr. and Mrs. Martin Bassett Dill of 47 Nobscot rd., Newton Centre, was married to Warner Groom Morton, son of Mr. and Mrs. Seth Worth Morton of Londonville, New York, at four o'clock on Saturday afternoon, February 7, in the First Church in Newton, Newton Centre. Rev. M. Russell Boynton performed the ceremony. A reception followed at the Brae Burn Country Club.

The bride wore a princess gown of ivory satin with an heirloom veil of princess and point Venice lace. Her bouquet was of budlelia, freesias, white lilies and white orchids. She was attended by Mrs. John Taylor Arms, 3rd of Riverside, Conn., who wore a gown of aqua mist lace and chiffon and carried rubrum lilies.

Edward S. Gregory of Greenwich, Conn., was the best man. Following a wedding trip to Florida, Mr. and Mrs. Morton will reside in Albany, New York.

The bride was graduated from the Emma Willard School and Connecticut College. Mr. Morton prepared for college at Phillips Academy, Andover and was graduated from Yale. He is a member of the Schuyler Meadows Club and the Saratoga Golf Club.

A SPLENDID ACHIEVEMENT

Figures released at the victory rally held Tuesday evening, indicating that Newton residents had once more demonstrated their civic spirit, is most gratifying.

Newton was assigned a quota of \$285,000 in the Greater Boston United War Fund Campaign and loyal workers here, headed by able leadership, not only attained this huge amount but actually exceeded it with a total reported collection of \$293,000, with possibly still more to be added to this announced total.

With so many demands being made on the resources of the average citizen, a response such as Newton residents made in this recent campaign, proves conclusively that those who can possibly do it, are only too happy to aid their more unfortunate fellow-men.

Newton, in more than one instance, has led the way to other communities in this State. It has again demonstrated that for the public good, it still leads the way.

MUCH REMAINS FOR THE FUTURE

During the preparation of Newton for protection against possible air raids a vast amount of organization work has been and remains to be accomplished. One of the outstanding features of the work being done lies in the overwhelming response on the part of Newton citizens to do their part and take their share of the responsibility. We refer to the voluntary enrollment of nearly four thousand air raid wardens for the various courses which have been presented during the past six weeks to add to the fifteen hundred trained last summer and bringing Newton's prospective air raid warden force to more than 5,000 persons. In addition several hundreds of others have taken places in the auxiliary police and fire forces which are an essential part of the ARP organization.

When one stops to realize what a gigantic task it is to provide the opportunity for these several thousands of persons to have training in first aid work one begins also to realize what it has meant to get these courses under way as has been done this month. In any such organization work and development it is impossible to eliminate numerous minor details which make for misunderstanding. Patience and fortitude and co-operative effort will in time provide for an efficient setup. Gradually order comes out of chaos. Confronted with an almost superhuman task in registering, assigning, and organizing first aid classes to train four thousand persons is not an overnight task. Yet the local Red Cross organization committee, to whom this work was turned over, has actually accomplished a great deal more than could ever be expected. They deserve the commendation of all Newton residents—for in the final analysis Newton's preparedness for caring for casualties in the event of air raids is directly dependent upon the efforts that this group has expended.

3-Car Collision At Newton Center

In a three car collision at the corner of Beacon and Walnut sts., Newton Center on last Thursday afternoon, Chesley W. Teele of 135 Pleasant st., Arlington received injuries to his right knee, arm, back and head and Miss Helen Ames of Boston who was riding with him, received injuries to her back and head. She was taken to the office of a physician by Patrolman William Condrin. The accident occurred about 1:30 when a car operated by Paul C. Wolfer of 55 Livermore rd., Wellesley Hills, struck the rear of the car operated by Wallace N. Jepson of 4 Olive st., East Lynn, as both cars were stopped at the red light on Beacon st. Wolfer reported that when he tried to stop his car skidded on the icy pavement.

WEST NEWTON HILL HOME SOLD

Alvord Bros., Realtors of Newton, Wellesley and Weston, report the sale of a residence located in one of the most attractive portions of the City of Newton, at 116 Dartmouth st., West Newton, near the Brae Burn Country Club Golf Course. This Colonial type house was designed by a Boston architect, and is of frame exterior, with slate roof, and an attached two-car garage. The land containing slightly under one-half acre, abuts other attractive properties, with an outlook in the distance over the golf course. The dwelling is composed of eight rooms, three baths, and an extra first-floor lavatory. One of the individual characteristics of the property is the spacious living room paneled in country pine, with replica fireplace and French door opening to an awninged porch. The premises have been sold to Frederick V. Fowler, of Newton, who has purchased for a home and already occupied the premises with his family.

NEWTON IN THE PAST 55 YEARS AGO

Newton Graphic January 29, 1887
Judging from the talk among builders, next season will be an unusually busy one in all parts of Newton, as a large number of new buildings will be put up.

The Clafin Guards have a so-called at their Army, this (Friday) evening, and Mr. Paxton will furnish the refreshments.

There are a large number of cases of measles about the city, but the disease has not assumed the proportions of an epidemic here, as it has in other cities.

The local watch makers are driven with work, putting clocks in order now that the time-pieces cannot be regulated by the Eliot Church clock.

The members of the Eight O'Clock Club and their wives had a very jolly sleigh ride Thursday night, going to Bailey's Hotel at Newton in S. F. Cote's "Snow Bird" where they had ordered supper. There were just two dozen in the party.

The Newton and Watertown Gas Co. furnish gas with an average candle power of 17.84 according to the report of the state inspector, recently made to the legislature. Boston has the highest average, 18.77 and there are eleven cities which have an average of over 18, and thirteen which average over 17.

50 YEARS AGO

Newton Graphic January 29, 1892
Hurricane Corner, as many call the Eliot Block, corner of Elmwood and Centre sts., has well deserved its name this week.

Private letters from Newton people in Southern California, state that oranges were injured in a recent freeze, the mercury dropping to 27 degrees, the lowest point recorded for years.

A card is shortly to be distributed throughout the city containing information on the following points: How to have a patient admitted to the Hospital, How to secure nurse, How to get the ambulance and how to help the Hospital.

Master George Irving Pettengill the boy soprano, has a clear, sweet voice, and of wonderful register for a boy of ten years. His singing to his own accompaniment on the guitar will be a pleasing feature of the Fred Emerson Brooks entertainment in Eliot Hall on Monday evening.

The cold weather this week was appreciated by one resident of Newton, and that was Mr. H. Brackett's great St. Bernard dog. Selecting a nice spot on some snow bank when the wind was freshest, he dozed away in perfect contentment with the weather and everything else, and the nearer it came to zero the better he was satisfied.

The Newton Board of Trade met at Central Block, Newtonville, Wednesday evening, with some twenty of the merchants of the city present. The object of the organization was fully explained, one of the chief of which was to protect the dealers from those who do not pay their bills. After an interesting discussion, the members enjoyed a banquet.

25 YEARS AGO

Newton Graphic January 26, 1917
The weekly meeting of the Newton South Community Forum was held Sunday afternoon at Lincoln Hall, Newton Highlands, and Mr. S. K. Retcliffe of London gave an interesting talk on conditions in England during the war.

The death of Father Giffether who was the curate of the Church of Our Lady for so many years, will be sincerely mourned by his many friends in this city. A man of broad sympathies, genial nature and keen understanding of life, he was greatly beloved by a wide circle of friends and acquaintances.

Old Age Pensions and Health Insurance constitute a topic of the day which is particularly emphasized at this time on account of the McCall Bill.

An interesting hearing at the State House on Tuesday was on a bill to abolish the poll tax of \$2 and it was stated that the City of Boston collects only 30 per cent of the assessed tax. City Collector Newhall informs the writer that Newton assessed 11,800 poll taxes and that he collects between 85 and 90 per cent. Incidentally, it may be said right here that there are many hundred men in this city who pay nothing but a

poll tax and for which they receive fire and police protection, good streets, education for their children, and it would seem that efforts ought to be made to increase rather than to decrease taxation on this class of citizen.

Mr. E. L. Miller, president of the Newtonville Improvement Association, appeared before Taxation on Tuesday in favor of the bill to levy a tax on sign boards and bill boards erected on the side or near the highway. Mr. Miller expressed a desire that every bill board on Commonwealth ave., in this city, ought to be removed.

Urge Wartime Knitters Consult Red Cross

In response to numerous inquiries, R. R. Guthrie, chief of the Textiles, Clothing and Leather Goods Branch, has explained the official position of the War Production Board on the question of women knitting sweaters for soldiers and sailors.

"The War Production Board," said Mr. Guthrie, "does want women to knit sweaters where absolutely needed by the armed forces and where the commanding officers ask for the supplies."

"It is our opinion that the average soldier and sailor is adequately clothed by the government and doesn't need additional clothing. However, there are exceptions. Our boys in Iceland are such an exception. They can make good use of additional clothing. The same may be true of soldiers sent into the field on long campaigns."

"On the whole, we don't want a broad wave of knitting that will consume millions of pounds of wool that is needed for more essential purposes."

"This is the system we have set up with the American Red Cross. When a commanding officer desires such additional clothing as sweaters, he will apply to the Red Cross. The Red Cross will then arrange for the sweaters to be knitted."

"In this way, every sweater knitted will serve a good purpose and there will be no waste of material, to say nothing of the labor of some patriotic woman. We welcome the co-operation of women in knitting for the armed services the things they need, after the commanding officers have informed the Red Cross of those needs."

Leave of Absence Granted Teacher

Superintendent of Schools Julius E. Warren has announced that leave of absence has been granted to Elmer E. Ellsworth, superintendent of Franklin and Davis Schools since 1927, who will leave to go into active service as a captain in the United States Army. On Monday a farewell tea was tendered Capt. Ellsworth at the School Department headquarters and he was presented with a traveling bag. In granting leave of absence to Ellsworth the school committee expressed regret at losing his services but stated their pride and satisfaction that he is qualified to serve his country in such a capacity. Capt. Ellsworth, who with his wife and two children at 41 Wedgewood rd., West Newton.

Supt. Warren announces the appointment of Miss Ida Scheib, an English teacher at the Warren Junior High School, as acting principal to succeed Capt. Ellsworth. Miss Scheib was graduated from Salem Teachers' College and received her bachelor and master degrees at the Boston University School of Education. She taught school in Newton for ten years and was elementary supervisor in Watertown, principal of the elementary schools in Milton, and for six years supervisor of Safety Education for the State Department of Education. From September to December of last year she was on a leave of absence traveling on a fellowship from the Teacher Education Commission.

Skidding Car Causes Crash

During the snow storm on last Thursday a car driven by Lucy Devlin of 30 Melbourne ave., Newtonville, skidded as it was turning from Bridge st. into Watertown st. and collided with a car driven by Margaret C. Burke of 9 Prescott st., Watertown, which was proceeding west on Watertown st. Mrs. Burke and her companion, Mrs. Margaret C. Powers of 21 Crescent st., West Newton, were shaken by the crash.

Letters To The Editor

To the Editor:

It is cheering to think that this war may bring us one desirable result. Owing to the gasoline, rubber and automobile situations which have already reduced traffic on our roads to a substantial amount, the people who advertise on billboards and the billboard companies may no longer find it worth while to disfigure our countryside with their monstrosities. Then, if the Department of Public Works properly performs its functions, it will remove boards no longer occupied by advertising matter and we shall emerge from the war once more able to enjoy the beauties of nature.

Thereafter, if and when the bill board interests once more find it worth while to inflict themselves on us, applications for locations of boards will be new matters instead of the continuance of previous inflections and it is to be hoped that the then Department of Public Works will pay more attention to the wishes of the local communities than has been paid in the past.

G. FREDERICK ROBINSON.

THE SECOND COMMANDMENT

To the Editor:

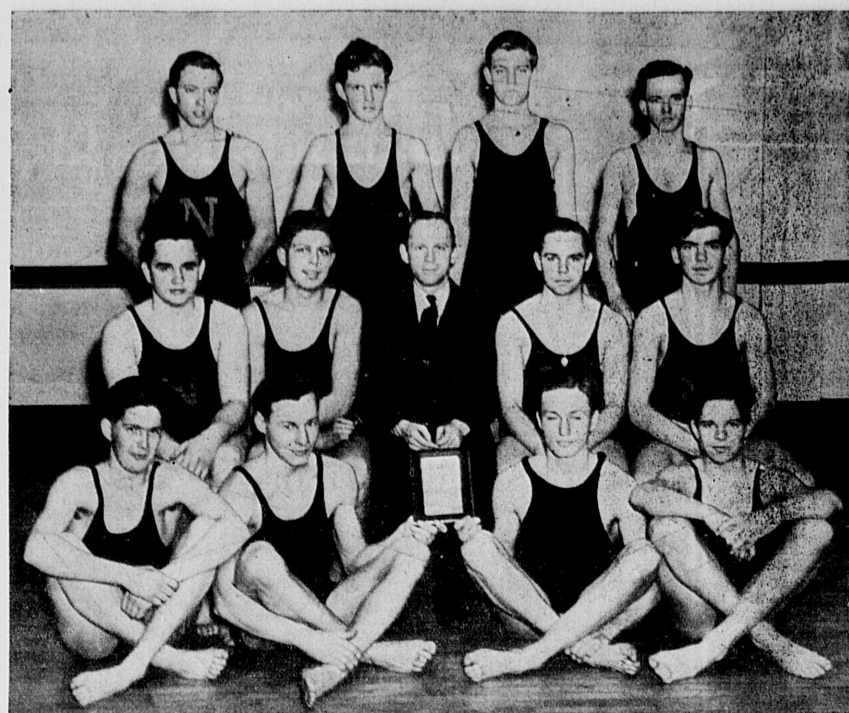

As a worker in the Newton Community Chest in unison with the Greater Boston United War Fund, I attended the Closing Night play, "A Slight Case of Murder," a comedy enacted by the Players, Inc., at the Newton High School.

A Christian—One who believes, or professes or is assumed to believe, in Jesus Christ. A human being as distinguished from a brute. Without a doubt ninety-five per cent of the audience listening to the play were or professed to be Christians. The collectors by their constant work proved their devotion to charity, brotherly love and help of one for the other.

The many times in which Michael, the butler, profaned the name of Christ by effecting a disrespectful manner, and the other times where the name of God was used in a derogatory manner by one or more players, not only left me no little shocked, but provoked me to think seriously.

Should a play in a gangster's vocabulary portraying the loose life of the sport defaming and deriding the Omnipotent God be allowed to be given in a public building to the public? Should the Community Chest, an organization for the continuance of the

Chestnut Hill Cafe Entered

Burglars entered the Crystal Cafe at 35 Commonwealth ave., Chestnut Hill, during the early morning hours on Tuesday and after ripping open coin boxes on telephone, cigarette vending machine and automatic phonographs, made their escape while the proprietor, who entered the establishment at

about 5:45 a. m., went to summon a policeman when he heard them moving about in the back room. The contents of the telephone coin box and the cigarette machine had been collected the previous day, and while there may have been some change in the automatic phonograph, it is believed that they did not secure much cash. The thieves gained entrance by forcing open a rear door.

Car Skids Into Tree And Catches Fire

A car operated by Julian Madau, 19, of 32 Roseclair st., Dorchester, proceeding west on Commonwealth ave., shortly after midnight on Saturday, skidded and crashed into a tree, and later caught fire. The driver of the car escaped serious injury, but the other two occupants, Bruce Smith of 75 West Cottage st., Roxbury, and Alice Green of 18 Richfield st., received injuries and were removed to the Newton Hospital in a passing car. Engine 3 was sent to the scene and quickly extinguished the fire.

RECENT DEATHS

DR. J. MACE ANDRESS

Dr. J. Mace Andress of 67 Clyde st., Newtonville, died on Thursday, Feb. 5, at the Baker Memorial Hospital, Boston. Dr. Andress, who was in his 61st year, was born in Chesaning, Michigan.

He received his B.A. degree from the Michigan State Normal College; his Ph.D. from the University of Chicago, his M.A. in education from Harvard University and his Ph.D. in Psychology from Clark University.

He was a professor of psychology and hygiene at the Worcester State Teachers' College, Boston University, the Bouve School, Wheelock School and Perry School in Boston, and at the Massachusetts Art School. At one time he taught the country as lecturer on health education for the United States Bureau of Education. He wrote many elementary and secondary school books used in this country, the Philippine Islands and Canada. He was also editor of the magazine "Understanding the Child" and of the school and health department of "Hygiene" of the American Medical Association.

He is survived by his wife, Annie T. Andress; a son, Lieut. Philip Morton Andress of Philadelphia, Pa.; three daughters, Mrs. W. W. Lewis of Southboro, Mrs. Harry Payne Rowe of Rye, New York, and Miss Ruth Andress of Newtonville; also by two grandchildren.

Funeral services were held at his home on Friday afternoon at 2 o'clock. Rev. Randolph S. Merrill officiated. Burial was in Henniker, New Hampshire.

EDWARD JOHN BALL

Edward John Ball of 102 Webster Park, West Newton, died at his home on Friday, Feb. 6. Mr. Ball, who was in his 73rd year, was born in Wells, England, the son of Frederick and Elizabeth Rowe Ball. He had been a resident of Newton for 30 years and was engaged for many years in the real estate business. He is survived by his wife, Mrs. Ethel Carmichael Ball; two sons, Arthur L. Ball and Edward J. Ball, Jr., both of West Newton; a daughter, Mrs. George Chase of Newtonville, and one granddaughter. Private funeral services were held at his home on Monday. Rev. Charles O. Farrar of St. Paul's Episcopal Church, Newton Centre, officiated. Burial was in the Newton Cemetery.

NELLIE N. ESTABROOK

Mrs. Nellie Nixon Estabrook, widow of Henry W. Estabrook, died on Wednesday, Feb. 4, at the home of her daughter, Estabrook of 413 Hammond st., Chestnut Hill. Mrs. Estabrook, who was in her 82nd year, was born in Cambridge, the daughter of Fred and Emma Nixon Reed. She had resided in Newton for about 10 years. She is survived by her son; a sister, Miss E. Isabelle Reed; three grandchildren and two great-grandchildren. Funeral services were held on Thursday at 2 p. m. at Forsyth Chapel in Forest Hills Cemetery.

BARBARA M. FISKE

Mrs. Barbara Marchbank Fiske of 53 Henshaw st., West Newton, died at her home on Monday, Feb. 9. Mrs. Fiske was in her 75th year. She was born in DeSable, Prince Edward Island, and had resided in Newton nearly all her life. She is survived by her husband, Andrew F. Fiske; a daughter, Mrs. Ida F. Howell of West Newton, and by four sisters. Funeral services were held this afternoon at 2:30 p. m. at the Rev. Edward T. Sullivan, D.D., officiated. Burial was in the Newton cemetery.

SARAH HARRIS

Mrs. Sarah Harris, age 84, wife of the late Joseph S. Harris, died Tuesday morning at her home, 322 Walnut st., Stoughton. She is survived by five sons, Edward C. Harris, Louis F., Frank K., and Vincent L., of Stoughton, and John B. Harris of Newton Centre; two daughters, Mrs. Mary Mullen and Mrs. Herbert Jones of Stoughton; two sisters, Miss Elizabeth Burns and Mrs. Mary Flaherty, and one brother, John T. Burns, Sr., of Newton. There are seven grandchildren and three great-grandchildren. Funeral services will be held Thursday, Feb. 12, with a solemn high requiem mass at the Church of the Immaculate Conception, Stoughton, at 9 o'clock.

Philippines

eral MacArthur, the first, to years of World War operation in 1916 to 1918 as post commander at several points in the islands. A service of the extent and character is an excellent vantage point for making and recording observations, which make interesting telling though not of up-to-date military significance. The lecture by Colonel J. M. Petty, U. S. A. dealt with the Philippines as a place for human habitation, including the physical geography, natural resources, the natives, from the highly developed societies to the primitive tribes. The presence since 1900 of numbers of friendly Americans, protected by the military establishments set up after the Spanish-American War, has had much to do with a gradual improvement in the relationships of the natives with the outside world. The natural resources of the islands have been of vast importance in her development and civilization in other parts of the world, feeding the industrial systems with its life blood of raw materials—including hemp, hard woods of many varieties, rubber, sugar, and many other materials, the acquiring of which will be made more difficult because of the war carried on to maintain them free of enemy control.

The importance to the present General MacArthur of the confidence he has won in the minds of influential natives, is being demonstrated today by the active and capable support rendered to the American forces against the Japanese invaders. Excellent soldiers, desiring freedom with security guaranteed by the presence of friendly American military command, was the lecturer's estimate of the native wish for independence; native potentialities in politics were analyzed with skill that comes from intimate knowledge, not merely of generalities but of close acquaintance with important personalities over long periods.

Colonel Petty had occasion to make many official visits to head men of many tribes, and to receive envoys from them in return. Incidents were suggestive in some instances of the best stories of Hermon Melville. But the climax of the address was an unofficial description of some of the circumstances in which General MacArthur is maneuvering today; the intimate knowledge of the speaker in details of personnel and conditions of terrain and natural obstacles in favor of the American invader, struck deep into the minds of the audience.

A brief business meeting outlined future programs, that of March being Father-and-son Night, and that of April being Latin Night. At the Father-and-son Night the Boy Scout troops, Nos. 11 and 22 will be featured, both as guests and as entertainers. A program will demonstrate the success with which the troops of the community are carrying on the specified scout training in favor of the camp-craft and cooperation among the boys.

The present meeting was the second in which the interest of this country in the South Pacific was featured; at a recent meeting the Hawaiian Islands were similarly discussed.

JOHN J. MURPHY

John J. Murphy of 243 Tremont st., Newton, died on Monday at St. Elizabeth's Hospital, Brighton. Mr. Murphy was born in Biddeford, Maine, the son of Richard and Elizabeth Bailey Murphy. He had resided in Newton for 52 years and was employed by the Newton Highway Department until his retirement ten years ago. He was a member of Middlesex Court, M. C. O. F., and of Our Lady's Holy Name Society. He is survived by a son, Richard Murphy of Milton, and a daughter, Mrs. Harvey Stimpert of Newton. Funeral services were held this morning from his home. A solemn mass of requiem was celebrated in the Church of Our Lady at 9 o'clock. Burial was in Calvary Cemetery, Waltham.

stimulating and challenging. Why in South America, she has a splendid opportunity to discuss the problems of the Americas with leading citizens of Argentina, Brazil, Chile, and Peru. She made first-hand observations of the effects of Nazi and Japanese propaganda and organization in the South, and of the counter measures being taken by the pro-democratic groups. Her comments on the recent conferences are sure to

be informative and timely. Mrs. Dean's views on Latin American affairs will not be limited by the boundaries of places visited in South America, for she will bring to her views the background of years spent in Europe. More recently the outbreak of the war caught her in Bergen, Norway, and in 1937 she was a delegate to the International Studies Conference in Paris.

Those who heard her last year will look forward with particular delight to the question period following the lecture. Mrs. Dean's keen enjoyment in the challenge of a provocative question is only equalled by the pleasure of her listeners in her clear, witty, and brilliant answers. She meets every question "head on"; there is no evasion and no confusion. It is with genuine pride and pleasure that the Newton Community Forum presents Vera Micheles Dean on February 15th as the leader of our discussion of "Latin America Weighs the Course of War."

An orchestra from the All-Newton Music School will furnish music from 3:05 p. m. before the meeting.

sponsors fourteen approved schools and has contributed \$175,000 to them.

Mrs. Otho L. Schofield, chapter member of the National Defense through Patriotic Education, state committee, reported that members present had bought nearly \$8500.00 in Defense Bonds. This is not a complete figure for the Chapter.

Mrs. J. Walter Allen, chapter representative of the Historical Research and Preservation of Records, State Committees, described her method of indexing vital statistics from Town Reports, and read a list of historical books wanted by the National Society at Washington. Town reports are especially desired as they contain much historical information. Mrs. Allen has also listed all grave stones in five Newton cemeteries. All records are sent to Washington.

Miss Emma F. Johnson, Chapter member of the "Conservation" State committee, reported over three thousand hours of Red Cross and other Defense Work done by the Chapter members and also the number of garments knitted for the Red Cross and other relief agencies.

Mrs. Herbert A. Wilson, chapter member of the "Ellis Island" State Committee reported that the D. A. R. is the only group sponsoring occupational work for men and women detained at Ellis Island. This also includes American merchant seamen at the Marine Hospital. Materials for sewing, knitting and crocheting are sent from each chapter.

Mrs. George F. Howland read a short tribute to Lincoln as a great American, in honor of his birthday this month.

Mayor Coddard outlined his work as Mayor in a very interesting and instructive talk and answered many questions about his office. He said that Newton has good government because honest, sincere men and women are willing to serve without pay whenever asked to do so.

A Rummage Sale will be held at the Chapter House on March 27 and 28. The house will be open on the 26th to receive and mark goods.

Tea was served by Mrs. Edwin H. Peace, chairman of hostesses and her committee with Miss Nella J. Pearson and Mrs. Clarence M. Casselberry pouring.

Forum Speaker Lauds Latin America

Reveals Bright Outlook On Relations With Our Southern Neighbors

A bright outlook concerning the attitude of Latin America towards the United States was pictured by Vera Micheles Dean, a director of the Foreign Policy Association, in an address at the final Newton Community Forum session of the season yesterday afternoon in the Newton High School auditorium.

"Latin America Weighs the Course of War" was the subject of her address.

"The American spirit is a bond between North and South America," she declared. "But that does not mean that the peoples of the two continents are exactly alike. The spirit of the South American people is anti-totalitarian and pro-democratic. Ninety-five per cent of the people were 'favorable to the United States.'"

The address was preceded by a concert by the All Newton Music School orchestra. Prof. Kirtley F. Mather, president of the Forum, conducted a question period.

Questionnaires were distributed to the audience in an effort to learn whether there is a public demand for the continuance of the Forum activities in the present emergency.

1942 Budget Submitted By Mayor Totals \$5,465,745.74

The budget submitted by Mayor Paul M. Goddard to the Board of Aldermen on Monday evening, which had been referred to the Finance Committee for study, calls for a decrease of \$58,834 from the budget adopted a year ago. The total of the budget submitted is \$5,465,745.74.

Increases were recommended for department heads and other city officials, also step-rate increases for employees at City Hall. No recommendations were made for the general salary increases requested by city employees to keep pace with the cost of living. However, the latter problem is still under consideration by a committee appointed at the mayor's request.

Salary Increases

The salary increases which were recommended in the mayor's budget aggregated about \$10,000. Department heads and other officials who are to share in the salary increases are: Assessors, chairman, from \$4000 to \$4200; members, \$50 increase each. Soldiers' Relief Commissioner, from \$2500 to \$2600. City Engineer, from \$4000 to \$4500. Public buildings commissioner, from \$4000 to \$4200. Chief of police, from \$4000 to \$4200. Chief of Fire Department, from \$4000 to \$4200. Sealer of weights and measures, from \$2400 to \$2500. Chief sanitary inspector, Health Department, from \$2700 to \$2800. Agent of the Board of Public Welfare, from \$3750 to \$3900. Recreation commissioner, from \$3750 to \$3900. Street commissioner, from \$4000 to \$4200.

Water commissioner, from \$4000 to \$4200. Mayor's secretary, from \$1750 to \$2000. Deputy collector, Treasury Department, from \$2750 to \$3000.

Salary Schedule

The salary increases recommended for other City Hall employees were in conformity with a salary schedule adopted by the mayor last year after study by a committee of the Board of Aldermen.

A new feature in the budget is the addition of a Department of Municipal Defense, for which the mayor recommended the appropriation of \$19,805 in addition to \$8120 already appropriated this year. The department had requested a budget totaling \$35,675, but the mayor reduced the amount by eliminating provision for medical supplies, with the understanding that the Federal or state governments will furnish funds for this purpose.

Provision was made in the Public Buildings Department budget for another appropriation of \$20,000 for the new heating, power and light plant at the Newton High School, in addition to the \$35,000 appropriation recently made for an engine and generating unit. It is expected that the proposed \$20,000 appropriation will be practically sufficient to complete the project, for which \$75,000 was appropriated last year.

Additional Police

The budget recommendations also contained provisions for the

REQUEST TO ABOLISH BUILDING CODE DENIED

Board of Aldermen Refuse To Alter Present Regulations

The request of a group of local architects and builders that the present stringent requirements of the building code be abolished in order to make possible the construction of low cost defense homes in Newton was refused by a unanimous vote of the Board of Aldermen on last Monday night.

At a hearing held by the Claims and Rules Committee on Wednesday of last week Christopher C. Crowley who was spokesman for a group of architects and builders who attended the meeting, stated that because the building regulations in this city are so much stricter than in surrounding cities and towns it is not practicable to build homes in Newton under present conditions. He also argued that the removal of the requirements for the use of steel and other materials in certain building operations would aid in the conservation of those materials for national defense.

Chairman George E. Rawson in presenting the report of the committee to the Board of Aldermen, recommending that the petition be denied, stated that the building code had been revised several years

ago by a committee of experts and that in order to keep Newton the kind of a city it is, that we must prevent cheap building, and that we must maintain our low fire insurance rate which is the lowest in the Commonwealth.

The Board adopted a request of Fire Chief Randlett, an ordinance requiring that permits be obtained before any electrical installations are made in buildings, and that the wire inspector be given authority to shut off the current in any building where he deems conditions to be dangerous.

A petition of the Middlesex and Boston Street Railway Co. to operate a bus line for a trial period between Newton Lower Falls and Cleveland circle via Beacon st. was approved by the Board. This line had been requested by residents of Waban. Vice-president Joseph Jamison questioned the wisdom of asking the company to undertake a new bus line under the present tire shortage. Alderman John Temperley replied that the M. & B. had recently acquired 10 new buses and that he thought "the tires would last long enough for the trial period." A representative of the Street Railway who was present at the hearing on the matter stated that the company had been reluctant to put on this new line but had been persuaded to do so for a trial period by officials of the Dept. of Public Utilities.

Alderman Rawson moved that the matter be referred back to the license committee but the motion was not seconded.

The Board voted to change a strip of land at Boylston and John sts. with a 40-foot frontage from the private residence zone to the business zone to afford a new

On Tuesday evening, February 24th, from 9:00 to 9:20 P. M., Newton will hold a blackout test. The extinguishing of the street lights will be the signal for the darkening of the entire city. Only the few manufacturing plants working on defense contracts will be permitted to show lights during the 20-minute period.

The regular police force under Chief Michael T. Hughes, augmented by 400 auxiliary police will handle the traffic. All through traffic will be halted at the City limits and cars within the city will be required to pull up to the side of the road and extinguish all lights.

In addition, 4000 Air Raid Wardens will be patrolling their areas to see that the blackout rules are effectively carried out, and to safeguard both property and persons. This will be the first time that the Wardens have worked under conditions which would prevail in an actual raid.

The Newton Public Safety Committee has issued the following statement: "This is an Official Blackout ordered by the Mayor and Board of Aldermen and approved by the Massachusetts Committee on Public Safety. Its purpose is not to inconvenience the citizens of Newton but to prepare them for blackouts which may be ordered by the Army at

any time. Except in rooms which have been prepared for blackouts, all lights in your home or place of business should be extinguished during the blackout period.

For the safety of all concerned and to insure a successful blackout the following rules should be observed:

- Cooperate with your warden.
- Stay off the streets.
- Keep your doors locked.
- Keep your dog in the house.
- Don't telephone.
- Don't use flashlights or light matches in the open.
- Don't smoke or light tobacco out of doors.
- Don't ask for exceptions.

Newton is proud of its citizens and we are sure that every household and shopkeeper will join with us in making the blackout on February 24th an unqualified success.

Files Claim For \$20 Against City

Albert E. Duffell of Auburndale has filed a claim against the City of Newton for damage caused to his property at 73 Robinhood st. by a bursting water main. Although a ruling had been made by City Solicitor Joseph W. Bartlett that there was no liability on the part of the city, Duffell filed a claim for \$20.00 and stated in his letter to Mayor Paul M. Goddard that there was a moral if not a legal obligation on the part of the city to pay the damage.

He pointed out that he had paid \$2700 in betterment assessments on the ten lots which he owns on Robinhood st. He enclosed a bill for the repair work which had to be done on account of the broken main causing damage to the cellar and playroom of the property. The claim will go before the Board of Aldermen for action.

Police Purchase Defense Bonds

The Newton Police Benefit Association has purchased from its funds \$10,000 in Defense Bonds. The board which voted unanimously to purchase the bonds consisted of James McHugh, President; Thomas F. Leehan, Treasurer; Philip Purcell, Secretary; William H. Dowling, Charles E. Walker, Charles J. Cody and John McGrath.

Gov. Appoints J. V. Spalding To State Bench

Governor Saltonstall nominated former assistant United States District Attorney John V. Spalding of 257 Dedham st., Newton Highlands, as justice of the Massachusetts Superior Court to fill the vacancy caused by the death of the late Judge Joseph A. Sheehan of Boston.

For years the new appointee has been a prominent practicing lawyer in Boston and since August has been a member of the Massachusetts Judicial Council. Mr. Spalding was born in Newton in 1897. After graduation from Newton High School, he attended Harvard University from which he was graduated in 1920. Following service in the first World War as a second lieutenant of Infantry, he received his LL.B. from Harvard Law School in 1923. His first practice was with the firm of Storey, Thorndike, Palmer and Dodge. He served as assistant U. S. District Attorney from 1926 to 1929, then was a member of the firm of Hale, Sanderson, Byrnes, and Morton until 1936. Since then he has been a member of the firm of Harwood and Spaulding. He is chairman of the Newton License Board and is a Newton draft board legal adviser. For many years he has lectured at Northeastern University Law School. He is married and has two children.

WILLKIES GUESTS AT NEWTON HOME

Wendell L. Willkie, Republican standard-bearer in 1940, and Mrs. Willkie were guests of Sinclair Weeks, Republican national committeeman, and Mrs. Weeks at their home, 97 Valentine st., West Newton, last week, when Mr. Willkie was here to address the Middlesex Club in Boston.

NEWTONVILLE POETRY FUND NETS \$236

The committee which conducted a series of Poetry Evenings at the Newtonville Library is gratified to announce that the course netted for the library \$236.

The Newtonville Poetry Fund has been established, with Mr. Fred C. Alexander, treasurer. The money will be used in part to buy books of poetry. The remainder will be kept as a reserve fund to be used at the discretion of the following committee: Mrs. Grahm W. Harris, Miss Dorothy Peters, Librarian; Mr. E. Donald Robb and Mr. Alexander.

Past Exalted Ruler and Old Timers Night Held by Newton Lodge of Elks

Newton Lodge of Elks observed a "Past Exalted Ruler and Old-Timers Night" on last Thursday evening, at which most of the former exalted rulers were present.

Past exalted rulers took the following chairs: William E. Earle, exalted ruler; Malcolm P. McKinnon, esteemed leading knight; William M. Noone, esteemed loyal knight; Robert A. Vachon, esteemed lecturer; Thomas L. Ryan, secretary; Walter Kearn, treasurer; Ernest J. Bleiler, chaplain; Douglas D. Furbush, inner guard; John H. Gordon, esquire; Oswald J. McCourt, and Edwin O. Childs, trustees.

The names of Wesley J. Furbush, Thomas F. Leehan, Jr., and John J. Keliher were added to the memorial tablet.

Esteemed leading Knight Malcolm P. McKinnon reported on the weekly socials held on Wednesday evening at the home. The report of the building committee was made by Thomas F. Coppinger. Past Exalted Ruler Earle reported for the defense committee that many of the members were engaged in defense activities.

It was reported that a large

number of Newton members attended the banquet to Grand Exalted Ruler McClelland at the Copley-Plaza in Boston Wednesday evening, February 11th. Thomas Coppinger was secretary of the committee on arrangements and Governor Leverett Saltonstall, a member of the Newton Lodge, was one of the speakers.

Talks were given by former Mayor Edwin O. Childs, Bernard T. Haffey, Richard Kneeland and many older members and letters were read from Nicholas A. Lupu who is in the Coast Guard, and William Nichols, who is in the Navy.

The lodge voted to participate in the National "Win the War Week," March 16-21, set aside by a proclamation by Judge John S. McClelland, Grand Exalted Ruler of the Order. During the week, the Newton Lodge and 1400 other Elks lodges will initiate a "Win the War" class.

It was voted to raise the sum of \$500 by subscription for the defense committee.

Plans were made to arrange the lodge rooms for blackouts. Refreshments were served by the house committee under the direction of John Cullen.

Secy. Of Mayor Pioneers In Shift From Car to Bike

A style which is expected to become increasingly popular as times goes on (and auto tires wear out) was set at Newton City Hall yesterday by Vincent P. Maloney, secretary to Mayor Paul M. Goddard.

He put up his car "for the duration" and bought a bicycle.

That many others are similarly minded was indicated by the fact that the dealer who sold Maloney the bicycle assured him that it was the last one in stock in Newton.

Albert Lyons Heads W.W.V.M.M.

At a recent meeting of Capt. Alexander C. Corkum Post, World War Veterans of the Merchant Marine it was announced that one half of the Newton members are already enrolled in civilian defense and the rest have filled out civilian defense blanks to be sent to the officials in their home districts.

Albert Lyons of 153 Cheswick rd., Auburndale, was elected Commander in place of Commander George Walsh who has resigned to give his full time to the duties of National Commander and chairman of the legislative committee.

A poem entitled "The Men of the Merchant Marine" written by Capt. Corkum of Auburndale, for whom the post was named, was read at the meeting.

POLICE BOWLING

Platoon 3 of the Newton Police Department defeated the Noble st. Wildcats in a special match held on Wednesday, February 11th.

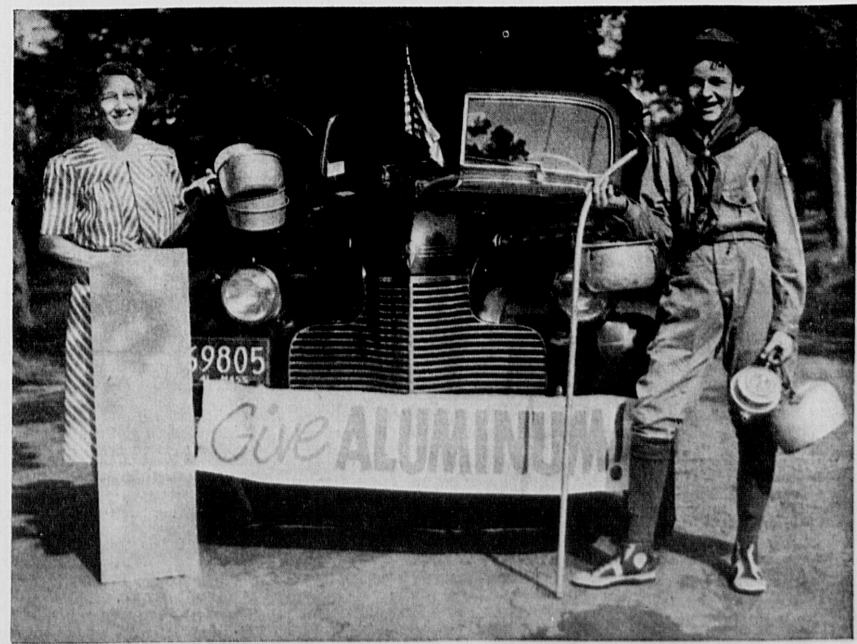

R. Sullivan led the winners in total pins with 383. W. Condrin of the Wildcats bowled high single of 132.

The summary:
Platoon 3—J. Kerrivan, 348; L. Gagnon, 338; R. Sullivan, 383; G. Litchfield, 333; C. Lynch, 368. Total, 1770.

Wildcats—W. Condrin, 419; J. McGrath, 311; C. Marden, 339; J. Fitzsimmons, 326; A. Fredette, 334. Total, 1729.

FLOWER SHOW

The war, instead of curtailing the 71st annual New England Spring Flower Show, is actually making the show the biggest and brightest in all the 113 years of the Massachusetts Horticultural Society's history. Never before has so much interest been displayed. When the doors of Boston's Mechanics Building open on Monday, March 16, for the six days of the show, the public will find every inch of the five acres of halls filled with flowers and gardens. Actually, the show is more than ten per cent larger than ever before but, according to Arno H. Nehrling, show manager, that is the least important part.

Collecting aluminum and other scrap materials to help win the war. Mrs. P. J. Merry and Herbert Federhen, Second Class Scout, show the true spirit in doing their bit.

Victory Clubs Are Now in Operation

Victory Clubs have been established by the mutual savings banks of the state as a new wartime service. Operating on the same principles as the popular Christmas Clubs, members of the Victory Club will deposit a certain amount each week in the bank until enough money has been saved to buy a Defense Savings Bond. The bank then issues the bond in the name of the depositor. Most Victory Clubs provide for payments of \$1, \$2, \$3 or \$5 a week. Every member of the Victory Club will receive a button showing that he is saving every pay day for Defense Bonds.

Among the reports during the business session was one by the chairman of Art, Mrs. John I. Heibek, who called attention to several exhibitions in the many Boston galleries, and spoke particularly of that at the Children's Art Center on Rutland st.

The chair read a request from the committee on Cooperation with War Veterans, which asked for old stamps, colored paper, yarns, silks, and many other things which could be used for various purposes. A complete list of these may be obtained from Mrs. Patterson or from Mrs. Edmund I. Wilson, and their transportation to headquarters will be done by either of the two.

A review of two books and a talk on Current Events was on the program, and the chairman of the day, Mrs. Arthur G. Robinson, opened with a talk on Pioneer, she told of the advent of the habitants from old Brittany to the Canadian prairies, and of one authority described their early homes, their habits and characteristics.

"Postscript to Adventure" was the topic of the second paper, and in her review of the book, Mrs. Harold Knowlton told of the early life of Charles Gordon, better known to his readers as Ralph Connor. This author was a pioneer in his line, as he was the first to introduce religion into a novel, and his success won for him admiration wherever his books are read.

Miss Margaret Haskell closed the morning with a talk on Timely Topics. She reviewed conditions in many of the countries, quoting prices for foodstuffs, etc. In mentioning the ores of different lands, she spoke of the article in a recent publication on the stamps from these countries to commemorate their worth, which was written by a young woman from West Newton, Miss Barbara Newhall.

Held in \$750 Bail By Court

In the Newton Police Court on Friday morning, William C. Karalekas, 33, of 95 Longfellow rd., Wellesley, pleaded not guilty to two counts of larceny and one of breaking and entering. He was held in \$750 bail by Judge Donald E. Mayberry.

Karalekas was arrested following two weeks of detective work by Lieut. Daniel Crowley and Sergeant Richard L. Eannon. He is alleged to have gained admission to the Chestnut Hill School on Jan. 29 under the pretext of asking permission to use the telephone to summon a mechanic to make some repairs on his disabled car, and after stealing two fur coats, put them in the trunk of his car and drove away. He was also charged with breaking and entering in the day time with intent to commit larceny as the result of an alleged visit to the home of Mr. Myron B. Barstow of 420 Hammond st., on the same day.

Chief Approves Injury Claim Of Fireman

With the approval of Chief Clarence W. Bandlett, David L. Keefe, a member of the Newton Fire Department, has filed a claim against the city for \$380.40 for medical expenses resulting from an infected right thumb suffered in performance of his duty.

Action on the claim will be taken by the Board of Aldermen. The injury was suffered while Keefe was engaged in painting Ladder 3 apparatus. He stated that the thumb was scratched and infected by paint and high-test gasoline which he was using at the time. He was hospitalized for nearly two weeks. The accident occurred Sept. 3, 1941. The victim underwent treatment for the injury until Nov. 10.

Fireman Keefe is attached to Engine 1 at Newton Corner. He resides at 167 California st., Newton.

Newton Federation of Women's Clubs

The Newton Federation of Women's Clubs held their monthly meeting of the Executive Board in the Community Room of the Newtonville Library on Monday morning. In spite of the change in date, the large attendance of chairmen, presidents and delegates was gratifying. Mrs. H. Clayton Pearson, president of the organization, presided, her friends greeting her with welcome after her recent illness.

Among the reports given by the chairmen of the Standing Committees were: Mrs. John MacAuliffe for Art, and she said that in response to the request from the state Art Committee for entrants in the contest for posters for War Relief, the interest among the Newton clubs so far had not been evident. The chair suggested that the presidents of the various clubs consider this project as a worthy one.

The president announced that plans were being perfected for the Sale for the Blind which will be held in the Newton Centre Woman's Club on April 29, 30 and May 1. This undertaking has the backing, not only of the Newton clubs, but also of practically all of the churches, being in no way a sectarian affair. Although the publicity is being given to the press, it is not too soon to remind the citizens of Newton that this local sale depends upon their efforts, if the splendid results of the previous years are to be reached. The meeting adjourned at 11 o'clock.

Newton Upper Falls Woman's Club

Monday evening was Junior Night at the Newton Upper Falls Woman's Club. Mrs. Harold T. Sprague, president, presided over a short business session. The artist of the evening was Pearl Young, who opened her program with a delightful group of songs. This was followed by a demonstration of the theramin, with Mrs. Robert Holt, pianist, accompanying. Miss Young delighted her audience with character sketches and concluded her program with impersonations on the piano. Refreshments were served with Miss Hope L. Hunting acting as hostess.

LASSELL JUNIOR COLLEGE

"The Incendiary Bomb," a movie put out by the Liberty Mutual Insurance Company, was shown to the students on Monday. At the Tuesday assembly "The Flag Speaks" was shown in technical color. The Lassell Community Orchestra gave a Pop Concert on Wednesday evening at Winslow Hall for the benefit of the Endowment Fund.

Mr. Merton Overing will speak at the Friday assembly, his subject being "America Grows Wings."

"GARDEN VARIETIES"

Many Newton girls will dance in the Chapel Hill recital at the Weston Town Hall on February 27. The Newton soloists will be the Misses Joan Bowers and Patricia Seaver. The recital is under the direction of the Misses Laura Dalzell and Margaret Martin of Boston.

Protection Against Disease

A quart of milk for the child, a pint for the adult, daily with whole grain cereals, with leafy and other vegetables, besides the potato and with the citrus and other fruits, will protect the body against disease and make for good health.

Coming Events

Auburndale Woman's Club

Members of the Auburndale Woman's Club who have visited Dedham during the bulb flowering season and seen Mr. John L. Russell's delightful gardens, will anticipate with pleasure his appearance as guest speaker at the Club House next Tuesday afternoon. Mr. Russell, whose topic will be "Spring Flowering Bulbs" has developed over 200 varieties featuring narcissus in particular. His naturalized growing of these lovely plants is indeed an inspiration. Many formal gardens in and around Boston will be included in the colored slides used for illustration. At the question period which will follow the lecture Mr. Russell invites the audience to participate. Mrs. Richard Kenney is day-chairman of the program.

On Friday afternoon at 2:30 the Art Committee will meet at the home of Mrs. Harry Ballard. "The Regency Period of Decorating and Furnishing" will be discussed. Tea will be served.

Newtonville Garden Club

The regular monthly meeting of the Newtonville Garden Club will be held at 10 a. m. February 27, at the Newtonville Library. Mrs. C. A. Hany will speak on the subject, "Plants for Shady Places."

C. L. S. C.

Miss Mary E. Hyde and Miss Anna S. Thompson will be hostesses to the Newton Highlands C. L. S. C. at the home of Miss Thompson on Monday, February 23.

The program will be in charge of Miss Cora S. Cobb and Mrs. Francis A. Ruez, who will discuss "In the Steps of St. Paul," a book written by Henry C. D. Morton.

West Newton Woman's Educational Club

Recreating the atmosphere of Bonnie Scotland, Angus and Anne Ross will bring "A Wee Bit of Heather" in song verse and story to the West Newton Women's Educational Club meeting on Friday afternoon at 2 o'clock (Feb. 27) in the Second Church, Parish House. It will be Guest Day, every member having the privilege of inviting a friend to enjoy the program. A business meeting will be conducted by the president, Mrs. Gordon S. Heath and following the program coffee will be served in the social room. An art corner is being arranged by the Hobby Class.

On Tuesday the 24th, members of the Club will meet to sew in the sewing room of the Newton Hospital. This philanthropic activity has been carried on by the Educational Club for many years and hundreds of sheets, pads, gowns and other articles have found their places in the linen closets through the generosity of Club members.

Zonta Club

The Newton Zonta Club met at the Newton Hospital Monday evening, February 16th. Hostess Esther Storey arranged for a most appetizing dinner for the club.

Mrs. Margaret Spear, State Representative from Newton, addressed the Zontians on the "Status of Women."

Various bills before the legislature, Mrs. Spear explained in a most enlightening manner. She stressed the point that if women are desirous of being recognized and their judgment respected more letters, preferably from individuals should be written to committees. She stated that legislators are obligated to give due consideration to reasonable appeals for the common good. The individual, or organization should not only express a desire for a bill to be passed, but give her, or its reason for that request.

As women, should know of and study the bills pertaining to our educational, moral and religious welfare and to that of our children.

Mrs. Spear believes that those elected to manage our country's mental problems are, in a great measure, sincere in their efforts to adjust ably the affairs of state.

NEWTON LEAGUE OF WOMEN VOTERS

The executive board of the Newton League of Women Voters held a meeting on Monday, February 16th, to consider what action should be taken by the War Service Committee, now in process of formation under the charge of Mrs. L. H. Washburn of Chestnut Hill.

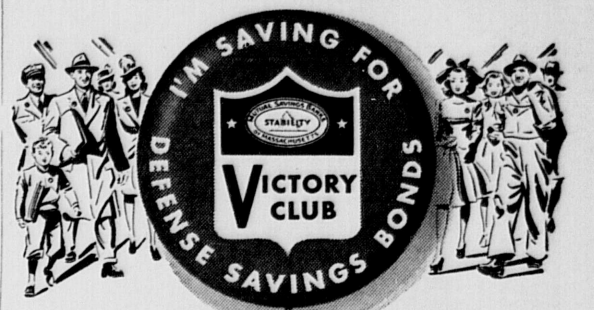

It was agreed that Mrs. Washburn should organize a committee of one or more persons from each village who would undertake to educate in stores and public buildings notices calling attention to the effects of hoarding and other unpatriotic acts which consumers might thoughtlessly commit.

The names of board members present are added to indicate how wide is the membership of the League: Mrs. William M. Barber, Mrs. Robert T. Bushnell, Mrs. Clifford G. Casely, Mrs. Walter H. Heath, Mrs. Harold R. Keller, Mrs. John N. MacNeill, Mrs. E. B. Millard, Mrs. Thomas R. Munan, Mrs. Victor C. Studley, Mrs. Albert N. Walker, Dr. Mary A. Willcox, Mrs. Howard E. Wilson.

***** The Mutual Savings Banks of Massachusetts

announce

AN IMPORTANT NEW WARTIME SERVICE

A patriotic way that you can save for Defense Savings Bonds each pay day

The call has been sounded.

Each pay day, give up the things you don't need to buy bonds for the things our country does need. Send your dollars out fighting!

To help you do it, your Mutual Savings Banks have formed Victory Clubs which operate like Christmas Clubs.

Here's all you have to do to join. Simply resolve to put part of your pay aside each week to buy U. S. Defense Savings Bonds. Every member of the Victory Club will receive a button. This button will be your badge of patriotism to show the world you're doing your part. A bond will be issued in your name as soon as your club is completed; then you can start saving for another.

Join our Victory Club—TODAY. Come on, Bay Staters. Let's back up America! Be the Minute-men of 1942.

Libraries to Close Early on Night Of Blackout

That library patrons and staff members may have ample time to reach their homes before the time set for the trial blackout in Newton next Tuesday, Feb. 24th, the Main Library and all branches of the Newton Free Library will close promptly at 8:30 p. m. on that date.

SARAH HULL CHAPTER

The annual meeting of Sarah Hull Chapter, Daughters of the Revolution, was held on Wednesday, February 11th, 1942, at 10:30 a. m., at the home of Mrs. Albert B. Hinkle, Jr., 26 Dexter rd., Newtonville. Mrs. Raymond S. Fosgate, the Regent, called the meeting to order, with the Salute to the Flag. The members sang two verses of "America," and Mrs. Fosgate read a prayer written by Robert Louis Stevenson. The regular business meeting was then in order, including roll call, after which the members stood in remembrance of two members, who have gone from our ranks—Mrs. J. Henry Bacon, and Mrs. William E. Bacon. The annual reports were read and the members of the chapter for the ensuing year were passed and voted upon, resulting in a unanimous vote for the following officers:

Regent, Mrs. Louis T. Bartlett; Vice-Regent, Mrs. Franklin E. Smith; Recording Secretary, Mrs. Everett F. Hinkley; Corresponding Secretary, Mrs. James A. Curtin; Asst. Corres. Sec., Mrs. Abram T. Collier; Treasurer, Miss A. Gertrude Ensign; Historian, Mrs. Daisy R. Porter; Auditor, Mrs. Francis Murdoch; Councilors for two years, Mrs. Arthur C. Johnson and Mrs. Albert B. Hinkle, Jr. The retiring Regent, Mrs. Raymond S. Fosgate, was presented with the Regent's pin, and lunch was served, which all enjoyed. Afterwards several of those present stayed for a game of bridge.

NEWTON CHAPTER AMERICAN RED CROSS

"Romance of Shoe" Is Subject

Newton Rotary Club is co-operating in the conservation of tires. On Monday they inaugurated a "Rotary Special" that left Newton Corner and picked up members from Newtonville and West Newton. This will be a weekly event from now on.

Colonel Charles Cahill, Past Commander of the Ancient and Honorable Artillery and Publicity Director of the United Shoe Machinery Corporation, addressed the club taking for his subject "The Romance of Shoes."

Mr. Cahill had a very interesting collection of shoes, sandals, and moccasins from all countries and all periods. One of the interesting shoes was worn by Lafayette in 1824 when he came to Bunker Hill to lay the cornerstone for the monument. The shoes varied in size from the type worn by the Chinese women to a giant's shoe, size 35.

Shoes first came under mechanical control in and around Boston. Twenty-five per cent of the total shoes manufactured in the United States are made in New England.

Mr. Cahill extended an invitation to all members to visit the museum at the United Shoe Machinery Building in Boston where a more elaborate display is exhibited.

Mr. Cahill is a member of the Boston Rotary Club and was introduced by M. F. Ruane.

Golf Equipment Show At New England Toro Company

New England Toro Company's New and Enlarged Seed and Garden Store at 1121 Washington Street, West Newton, showing a display of CALART flowers, realistic replicas of growing flowers.

In anticipation of possible freight delays because of defense hauling, the New England Toro Company, of West Newton, have ordered Toro Golf equipment and accessories to come in a month earlier. They will be on display at the Golf Equipment Show which will be held in their buildings in West Newton, February 17th through February 21st. This show has been held in previous years at the Massachusetts State College in Amherst.

It is expected that 250 officials and their wives from all over New England will attend. Many valuable door prizes will be given away including a "Yard Chef" (a clever outdoor grille), Defense Bonds and Stamps.

An extensive program of entertainment has been planned which includes free tickets to the West Newton Theatre and free meals at a well known Newtonville restaurant.

New England Toro's first private show for Greenkeepers and Chairmen will be the first showing of a full line of golf equipment and accessories ever held in this section.

agement of their daughter, Miss Phyllis Cimaglia, to John Sarni, son of Mr. and Mrs. James Sarni of Melrose. Miss Cimaglia was graduated from the Misses Allen School. She attended Barnard College and was graduated from Boston University. The wedding will take place on Monday, February 23, at the Sacred Heart Church, Newton Centre.

URGES QUALIFIED MEN TO REGISTER FOR DEFENSE WORK

George Walsh of 1 Gardner st., Newton, acting national commander of the World War Veterans of the American Merchant Marine, appealed to qualified men to register for defense work at the meeting of the Captain Alexander C. Corkum Post, of Newton tomorrow evening at 251 Washington st., Newton.

The Corkum Post registration is being conducted by Albert Lyons of 153 Cheswick rd., Brighton, and Hollis Wyman of 18 West Pine st., Auburndale. Clarence Cormier, national junior vice-commander, is chairman of the national registration committee with headquarters in the Merchant Marine Veterans Headquarters, 819 Western ave., Lynh.

Any person who served on a merchant vessel, transport, training ship, school or base in the recruiting service under the control of the United States Shipping Board is eligible for membership if he served after April 1, 1917, and prior to Nov. 12, 1918, and was honorably discharged.

Walsh, who is acting for National Commander Carl A. Meyer, states that New England, during the last war, furnished the largest percentage of Americans who volunteered for war risk service.

"There are a great number of these men in this part of New England who do not belong to any veteran organization and most of them do not know there is an organization in which they are qualified for membership," Walsh states. He says that all of these men are needed in some way in the present emergency and suggests that by joining the World War Veterans of the American Merchant Marine they can make their services available.

VICTORY BOOK CAMPAIGN

Newton residents have made an excellent beginning in their contributions to the Victory Book Campaign. The nation-wide effort to collect 10,000,000 books is being sponsored by the American Library Association, American Red Cross and the United Service Organization. The purpose of the campaign is to provide reading matter for our soldiers, sailors, and marines. The collection of books will continue for the duration of the war.

There is an urgent demand for new and standard works of fiction and non-fiction in reasonably good condition. Camp librarians report that the following types of fiction are in great demand for recreation reading: adventure, aviation stories, historical novels, humor, mystery, sports and western. Technical books in particular will prove most valuable.

The campaign committee, headed by Philip J. McNiff of the Newton Free Library, Local Director, includes Mrs. Frederick Tennant of the Red Cross and Kenneth Dale of the Y. M. C. A.

Books may be left at any of the branches of the Newton Free Library. Telephone your local library to have your books collected if you are unable to transport them.

THE BUDGET REDUCTION

Announcement by Mayor Goddard that the budget he has submitted for the current fiscal year is approximately \$58,000 less than that of last year, is a refreshing indication that despite the huge demands being made upon municipal funds, Newton is taking every means to lighten the burden of the taxpayer.

Everyone is faced with increased tax payments, due to our war expenditures to ensure an all-out victory. Municipal administrators should, therefore, make every effort to lower expenditures.

Mayor Goddard has done this. In so doing he serves notice to other communities that Newton intends to maintain its leadership as one of the best-governed cities in the country.

THE TRIAL BLACKOUT

Next Tuesday evening between nine and nine-thirty, the entire city of Newton will be blacked out.

Newton and its residents will experience for the first time what a blackout really looks like. It will simulate actual air raid conditions.

Residents are asked to cooperate in this trial blackout. So far as is practicable, persons having no immediate need to be on the streets during this twenty-minute period, should remain at home and see to it that all lights are extinguished or blacked out.

Everyone should familiarize himself with the rules adopted for this blackout trial. In this way they will be doing much to expedite the work to be carried out by the local defense authorities.

Letters To The Editor

ATTENTION ALL CITIZENS

The Citizens Committee for Service to Newton Servicemen has been your personal representative to the man going into service for a year now. A member of the committee has been on hand at City Hall as each group of men has been inducted into the Army to express the appreciation of all the citizens of Newton and present a going-away present of a field toilet kit. The committee has also forwarded kits to enlisted men in other branches of our armed forces. There can be no question of the immense value of the work done in sustaining the high morale of Newton boys. The response to the Christmas greeting sent on behalf of their fellow citizens is clear evidence that these men appreciate too deeply for words the feeling that though they are far from home they are still in the hearts of the community.

Nearly \$2000 contributed by a small group of interested citizens has been spent in the work of the committee. We have a balance of \$127. The obligations to servicemen of Newton which have been undertaken in the name of its citizens must be fulfilled. We must have the active support and cooperation of clubs, groups and citizens at large in the city immediately.

For the purpose of raising money to continue this work, a Military Ball is to be given by C Company 23rd Mass. Infantry in their Armory, West Newton, on Tuesday, March 17, the first anniversary of their induction into service. Tickets for this occasion are \$1 each. C Company is donating the entire proceeds from this social evening to the Citizens Committee for Service to Newton Servicemen.

Your patronage of the ball on March 17th will be gratefully appreciated by every man who goes into the armed forces of our country.

To show your appreciation to the defenders of your homes and liberty, please consider this appeal as your immediate and vital concern in the war endeavor. Remember there were Newton boys at Pearl Harbor, many more are with MacArthur and on other fighting fronts.

ROY S. EDWARDS, Chairman,
Citizens Committee
for Service
to Newton Servicemen.

To the Editor:
Amplifying recent reports of achievement in connection with the United War Chest, may I call attention to the splendid accomplishment of the General Division under James P. Reynolds. This division, comprised of all departments other than schools, went over the top 100 per cent with a 67 per cent increase over the figures of 1941.

Notable among new figures the Police Department went over the top 100 per cent, exceeding its excellent figure of 1941 by 72 per cent. The Fire Department figures were 123 per cent above 1941. Street, Water and Playground laborers advanced their previous contributions by large figures, as did every one of these departments. Mention of each might be creditably made.

While His Honor, the Mayor, supported this campaign with exemplary spirit and leadership, may I call the attention of all to the uniform devotion and consistent loyalty with which all these departments co-operated. Having a good Chief Executive is important, but the high type of service performed by these departments is a very important part of our city.

Whenever you meet these city employees, think of them as just as vitally interested in the well-being and success of Newton projects as anyone else, and worthy of our pride and respect.

Sincerely yours,
THEODORE R. LOCKWOOD,
Chairman, Municipal Division

East Brewster, Mass.,
February 17, 1942.

Dear Mr. Editor:
The letter I sent to you on Feb. 3rd and which you published has led to several interesting contacts—one letter from a gentleman whom I put in the same class with Ex-Mayor Childs, Mayor Goddard, Maynard Hutchinson and Lyscomb Bruce. Some day must make a list of men whom in my opinion, have helped during the last forty years to make Newton the fine city it is today, with Frank A. Day and Ex-Mayor Hutchinson near the head of the list. I recall very interesting interviews I had with each in the good old days—long, long before Maynard Hutchinson and Daniel Needham took the headlines for Greater Boston. I can't help feeling a bit "hefty" now that we are getting into Defense Work here in Brewster and everywhere—to have at one time, been on committees with each of them. It seems most like having been associated with royalty.

There are so many items of interest in the Feb. 12th Graphic that I can't begin to cover them. At the top I would put two as outstanding in interest. When I started in 1902 as principal of the Hamilton School in Lower Falls once every month the young symphony, Francis Newhall would breeze into each class room with his little brown pay envelopes and leave behind joy occasioned by twenty and fifty dollar bills. I see that after forty years in the service as Paymaster and then Treasurer, Francis drops out for another good man who has already proven his worth in the service. Isn't that always the way in Newton?

The second big item for me is that Elmer Ellsworth leaves West Newton schools to the tender mercies of another woman principal—and a good one.

Under "25 years ago" I find an important item on an attempt to abolish poll taxes.

I notice two marriages of former pupils and in the Newton swimming team several former Nonantum boys.

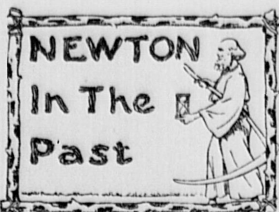

KENELM WINSLOW.

**Bull Escapes;
Shot by Police**

Patrolman Charles H. Marden and Inspector Alfred W. Hamell of the Newton Police were dispatched to the Boston and Albany R. R. tracks last Friday morning to assist in the capture of a large bull which had escaped from the Brighton Abolition.

After cluding two employees of the Somerville Packing Company who had pursued him as far as Newton, the bull raced over the Boston & Albany tracks until he was felled by one shot from the service revolver of officer Marden at a spot opposite Eddy st., West Newton.

The police assisted by spectators rolled the animal's body, which fell between two tracks, to a position where it would not impede traffic and it was later removed by the Street Department who sent a truck and crane to the scene.

The Cambridge Railroad has reduced the fare from Boston to Cambridge to five cents, but the fares from Newton are not affected.

The Eliot Church bell has been discovered. It fell directly under the place where it was hung, and the lower part was broken off, although no part of the bell was melted. The ruins of the church are being removed, so that the work of rebuilding may be begun as soon as the weather permits.

The Fireman's Relief Association held their annual meeting on Wednesday evening at Truck Station No. 1. The reports showed that the association has \$1750 in the treasury, and is in a flourishing condition. The election of officers was postponed for two weeks. After the meeting an excellent supper was served by Caterer James of Waltham.

Mrs. Williams' drugstore is the first to have the electric light in Newtonville. The incandescent light was put in on Wednesday, and lighted in the evening. It is without doubt the best of all lights.

The West Newton Toboggan Club have decided to build a chute on Putnam st., where there is a fine opportunity for the sport.

Mrs. Lincoln gave the marketing lesson on Monday morning. Next Monday the subject will be apple pie, pea soup, oatmeal gruel, beef tea.

The local ice companies began cutting ice this week, and found it nearly a foot in thickness and of good quality. It looks as if the companies would have to avail themselves of every cold snap, to get their usual supply.

Real estate men expect that the doing away with the dangerous grade crossings will efface all distinction between the North and South side of the tracks, as then children can cross in safety on their way to school or on other errands, and there will be no waiting for teams at the gates.

The Telephone company has not yet given up its purpose to erect telephone poles on West Newton hill, and unless the residents there make a very vigorous remonstrance, they may have to put up with the poles just the same as people in other sections.

Mr. Daniel W. Furdon reports finding \$3.00 on the street and is holding it for an owner.

The mail carrier is making regular trips to the Upper Falls station once more.

25 YEARS AGO

Newton Graphic, Feb. 2, 1917
During the month of January the Newton South Allies Relief Association made and sent to the hospitals in France, 580 compressed gauze sponges, 636 compresses, 33 one meter gauze, 80 draw pads, 280 rolls of bandages, 16 made bandages, 59 eye bandages, 49 comfort pillows, 30 sweaters, 61 pairs of socks, 10 pairs of hospital socks, 15 mufflers, 39 caps, 8 pajamas, 17 night jackets, 22 pairs of felt slippers, 11 comfort bags, 17 personal property bags, besides many miscellaneous articles.

The Players, Newton's leading amateur dramatic organization, have had crowded houses this week at performances given in Players' Hall, West Newton on Monday, Tuesday and Thursday evenings. "The Bachelor" by Clyde Fitch was presented by a cast including R. G. Hemenway, E. I. Locke, B. K. Story, W. V. M. Fawcett, Miss Anne Bridgers, Miss Priscilla Ordway and Mrs. George R. Pulsifer. Hon. Charles E. Hatfield and F. T. Parks were the stage managers and G. R. Pulsifer and Miss C. L. Freeman were the acting managers.

Two Newton students, Ernest M. Clark of Otis st., Newtonville, and John Gore of Rowe st., Auburndale have been selected to take the new Chemical Engineering Practice Course of the Massachusetts Institute of Technology. They will be pioneers in what has been termed "the greatest step forward in engineering education since Professor William Barton Rogers founded the Institute." John Gore entered the Institute after graduating from the Newton Technical High School. In 1916 he received from Technology the degree S.B., since which time he has been employed by members of the instructing staff in chemistry in the capacity of private assistant. He has developed a new process for making gelatine.

There was a large attendance of members and guests last Friday evening at the Hunnewell Club to hear Dr. Hugh Cabot of Boston, give an interesting account of "The Battle of the Somme." Dr. Cabot has been in charge of the surgeons of the Harvard Unit which has been in operation during the European war and has had some exceptional opportunities to observe important events at the closest range. A beautiful exhibition of recent developments in color photography followed the lecture.

Tax Deputies To Visit Newton

Deputy Income tax collectors will be on duty in Newton for two days during March to assist taxpayers in preparing all types of Federal returns, income, employment, and miscellaneous, according to an announcement made this morning by Collector of Internal Revenue Thomas B. Hassett of Boston.

Deputies will be at the Newton City Hall on Wednesday and Thursday, March 4 and 5, from 9 a. m. to 5:30 p. m., according to the announcement.

WEST NEWTON COMMUNITY CENTRE

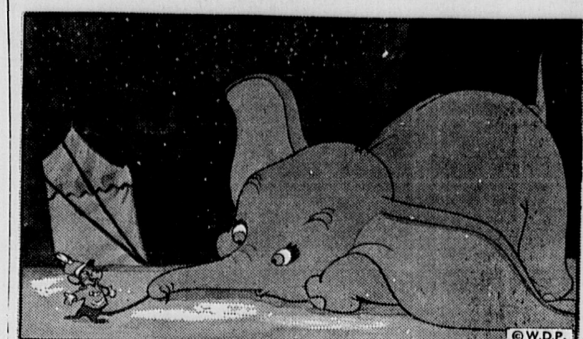

The seventh season of the Caddy Class of the West Newton Community Centre, Inc. (member agency of the Newton Community Chest, Inc.) opened for boys 11 years of age and older at the Portable Club House, rear of Davis School, West Newton, Friday, Feb. 13. There will be twelve lessons in the caddy course which will be held weekly from 6:30-7:30 on Friday nights. A small fee is charged.

Mr. Thomas Kelley, caddy master for Brae Burn Country Club, is the instructor. Because so many of the older boys have gone into defense work, or have enlisted, there will be much more opportunity for younger boys to work this summer. Since there has already been one lesson, anybody interested in joining should come to the Centre this Friday night.

Members of the Wenececom Club of the West Newton Community Centre are starting rehearsals for their annual production which will be given some time early in May. Cuttings from "Old Lady 31" are being worked over in rehearsal period. Those who saw this group produce "The White-headed Boy" and "Amazons on Broadway" are eagerly looking forward to the 1942 effort of the group.

Navarro's car when it was parked near the Chestnut Hill Reservoir early in the morning of Jan. 29, and threatened to see Chief Hughes about it and have their "Buttons taken off." They told him to go ahead and see the chief who would be glad to know they were checking up on cars. Patrolman Smith said the defendant did see the chief who told the officer to be sure and put Navarro into court. In imposing the fine Judge Donald E. Mayberry remarked about the folly of threatening our officers.

Walt Disney's "Dumbo" and "One Foot in Heaven" at Wellesley

Certain to prove one of the most popular film programs to be presented at the Community Playhouse in Wellesley Hills for some time is the combination of Walt Disney's newest hit "Dumbo" (which will not be shown in any of the surrounding theatres) and "One Foot in Heaven," based on Hartzell Spence's delightful story of the same name.

Unchallenged master in his field, Walt Disney has again proved his skill with the pleasing whimsical story of the little elephant with the big ears, and his friends Timothy Mouse, who, by the way, is Mickey Mouse's son, The Five Black Crows, a raucous comedy group, and Casey Junior, the little locomotive that talks!

"One Foot in Heaven," which stars Fredric March and Martha Scott, presents a story that is as refreshingly different as it is entertaining. The country minister comes into his own in this tale of a "practical parson." From his early trials, at times highly humorous, to final victory he does himself and his calling justice. While losing none of the spiritual uplift of character and subject, it is fine entertainment.

Starting this coming Sunday, Feb. 22, at the Playhouse these fine films will continue for eight days with continuous showings on Monday, Saturday and Sunday, March 1. There will be morning shows for the children on the holiday and Saturday.

Three Arrested For Car Theft

After receiving word from the Mansfield police that they were holding two Newton youths whom they had captured in a car stolen from Newton, while a third one escaped, Lieut. Daniel Crowley and Inspector Joseph Lyons left for Mansfield on Monday morning to bring back the two prisoners, and as they were passing through Dedham they saw the third suspect trying to thumb a ride and took him into custody.

Herbert W. Hicks, Jr., 17, of 1387 Washington st., West Newton, and Salvatore Guzzi, 17, of 42 Oak ave., West Newton, who were arrested by the Mansfield police, pleaded not guilty to using an automobile without authority and the case was continued until Friday. Hicks was held in \$500 bail and Guzzi, who was also charged with driving without a license, was held in \$600 bail. The third young man, who was 16 years of age, was arraigned in the juvenile court and his case was also continued until Friday.

The car, which was stolen from the driveway at 24 Pontiac rd., Waban, on Sunday, was owned by Charles Gameter of Lynn. The trio admitted that they had driven to Cape Cod and were on their way back when overtaken by the Mansfield police.

HURT WHILE SKATING

Sherman Hoyt, age 13, of 20 Winnetaska rd., Waban, fell while skating at Crystal Lake on Saturday, and received injuries to his head. He was picked up in a semi-conscious condition and taken to the office of Dr. Herbert G. Dunphy and later was removed to the Newton Hospital in the police ambulance.

COMMONWEALTH OF MASSACHUSETTS

LAND COURT

To City of Newton, a municipal corporation located in the County of Middlesex, said Commonwealth, Sherry R. Salzman, Milton B. Salzman, John A. Janse and Dorothy R. Schneidman, of Newton, in said County of Middlesex; Frank W. McAleer, Trustee, of Brookline, in the County of Norfolk and said Commonwealth; and to all whom it may concern: Whereas, a petition has been presented to said Court by Georgiana Melick, Sarah A. Beck, Florence E. Belcher and Rose G. Hiller, of Milton, and Bertha S. Hockridge, of Weymouth, in said County of Norfolk, Rose G. Lawler, of Boston, in the County of Suffolk and said Commonwealth, Florence E. Love, of Brookfield, in the County of Worcester and said Commonwealth, and Carrie E. Strout, of Topham, in the State of Maine, to register and confirm their title in the following described land:

Certain parcel of land with the buildings thereon, situate in said Newton, bounded and described as follows:

Easterly by Parker Street 342 feet; Southerly by land now or formerly of John A. Janse 235.79 feet; Westerly by land now or formerly of Frank W. McAleer, Trustee 370 feet; and Northerly by lands now or formerly of said McAleer, Trustee and Sherry R. Salzman et al 244.56 feet.

Petitioners admit that the above-described land is subject to an easement for drainage belonging to the City of Newton.

The above-described land is shown on a plan filed with said petition and all boundary lines are claimed to be located on the ground as shown on said plan.

If you desire to make any objection or defense to said petition you or your attorney must file a written appearance and an answer under oath, setting forth clearly and specifically your objections or defense to each part of said petition, in the office of the Recorder of said Court in Boston (at the Court House), on or before the ninth day of March next.

Unless an appearance is so filed by or for you, your default will be taken as confessed and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, John E. Fenton Esquire, Judge of said Court, this seventh day of February, in the year nineteen hundred and forty-two.

Attest with Seal of said Court.
CHARLES A. SOUTHWORTH, Recorder.

Foster of Newton, in the County of Middlesex, and Commonwealth of Massachusetts, to the Metropolitan Federal Savings and Loan Association, dated September 15, 1932, and recorded with Middlesex South District Deeds Book 6128, Page 470, of which mortgage the said Metropolitan Federal Savings and Loan Association is the present holder, for breach of the conditions of said mortgage, and for the purpose of foreclosing the same, there shall be sold at public auction at 4 o'clock P.M. on the tenth day of March, 1942, the following described land, together with the buildings thereon, situate in said Newton, bounded and described as follows:

A certain parcel of land with the buildings thereon, situate in said Newton, bounded and described as follows: Easterly by Parker Street 342 feet; Southerly by land now or formerly of John A. Janse 235.79 feet; Westerly by land now or formerly of Frank W. McAleer, Trustee 370 feet; and Northerly by lands now or formerly of said McAleer, Trustee and Sherry R. Salzman et al 244.56 feet.

Petitioners admit that the above-described land is subject to an easement

Committee In Vote of Thanks

Newton's practice blackout February 24 was 99 per cent successful. Citizens responded wholeheartedly in the blackout of their homes and shops, pedestrians and motorists complied with directions of the warden and the entire defense organization functioned perfectly.

Particular mention must be made of the cordial cooperation of the Chief of Police, Chief of the Fire Department and the Street Commissioner, whose departments operated with complete efficiency.

Business houses and transportation interests did their part, noteworthy among them being the Boston Edison Company, Boston & Albany Railroad, Middlesex and Boston Street Railway, Boston Elevated Railway and the New England Telephone and Telegraph Co.

To the 5000 members of the Newton defense organization my cordial thanks for their loyal efforts in support of their City.

Faithfully,

JOHN M. BIERER,
Chairman, Newton
Committee on Public
Safety.

Complaint Is Denied Here

The application of the Newton police bureau for a complaint against the motorman on the part of the city ordinance that requires that the motorman "shall keep a vigilant watch for teams, carriages and persons, whether on the track or moving in the direction thereof, and, on the first appearance of danger, shall stop the car at once and take the best means of avoiding peril." The court declined to issue the complaint.

The police did not ask for a complaint under the antiquated ordinance that limits the speed of street cars to eight miles an hour.

The street car crashed into an auto on Saturday night, Feb. 7, after the auto had stalled on the tracks and had been evacuated by its two occupants. The woman who had been driving the car stated that she tried to warn the motorman as the street car approached.

Mayor Vetoes Request For Ten Additional Police

A request by Chief Michael T. Hughes that ten men be appointed to the police force, in addition to the ten men whom whose appointment was authorized at the beginning of the year, has been denied by Mayor Paul M. Goddard.

The chief requested that \$281,723.49 be appropriated for salaries of patrolmen in the budget, but the mayor reduced the sum to \$268,286.19, omitting the provision for the salaries of the ten additional patrolmen requested by the chief.

The chief requested \$21,915 for salaries of reserve patrolmen, but the sum was cut to \$16,425. The mayor also cut the sum requested for incidentals from \$2,000 to \$1,900. The sum expended last

Car Thieves Are Sentenced

A Camp Edwards soldier and five other youths who were involved in the theft of seven cars while the former was spending a 10-day furlough at home were severely dealt with in Newton District Court last Friday by Judge Donald E. Mayberry.

The soldier, Raymond W. Richards, 19, of 268 Cherry st., West Newton, was sentenced to Concord Reformatory on seven counts of using autos without authority. He was arrested at Camp Edwards yesterday afternoon by Inspector Joseph B. Lyons and Motorcycle Officer William L. Whelan.

Grand Jury Action

A co-defendant, Salvatore Guzzi, 17, of 42 Oak ave., West Newton, was held for the Grand Jury on a charge of larceny of a motor vehicle and stealing a tire therefrom. In view of the fact that the latter offense constitutes a felony, the court declined jurisdiction on all counts against Guzzi.

The tire, missing from the car of Ethel McShane, 19 Chamberlain rd., Waban, when the machine was found abandoned after being stolen, was recovered today by Lyons and Whelan at Guzzi's home and returned to the owner.

Four other youths who were involved in the auto thefts with Richards and Guzzi were sentenced to Shirley Industrial School. Two of these were George Fitzgerald, 17, of 208 River st., West Newton, and Herbert W. Hicks, Jr., 17, of 1387 Washington st., West Newton. The other two were juveniles, each 16 years old.

It was after Richards had been driven back to Camp Edwards this week in one of the stolen cars that the police began to round up the gang. On the way back from the camp the car was halted in Mansfield and two of the youths were arrested, while a third escaped. The latter was picked up by Lieut. Daniel E. Crowley and Inspector Joseph B. Lyons while they were on route for Mansfield to bring back the other two.

A fourth youth was arrested later and a fifth member of the gang was found to be already under arrest, having been arrested in Waltham early Saturday morning. Private Richards, the sixth defendant, was arrested yesterday to complete the roundup.

New Victory Club Is Big Success

An immediate popular response to the new Victory Club inaugurated last week by the three Newton Savings Banks, the West Newton Centre Savings Bank, the Newton Savings Bank and the Newton Savings Bank is reported. The Victory Club, which operates on the same principles as the well known Christmas Club, enables people to save a designated amount each week for the purchase of a Defense Savings Bond. As soon as enough money has accumulated

Col. C. W. Furlong To Speak Mar. 9

At the regular monthly meeting of the Central Club of the Central Congregational Church on Monday evening, March 9th, Col. Charles Wellington Furlong, F. R. G. S., an authority on the Near East, will lecture on "Turkey, Neutral-ity's Last Frontier."

Turkey is the focal point about which has centered the international strategies of the leading nations of Europe in their plans of empire. No neutral country in the world is more important in its bearing and effect on European policies and politics than Turkey. The control of the great Mediterranean area and the Near East depends upon the final victory in the present Armageddon and Turkey is the geographical and strategic center of this vast area. To know Turkey is to know the reasons for many of the political and military moves on the international chess-board of Europe.

Colonel Furlong is recognized as one of our leading national authorities on this subject; few are better qualified to interestingly reveal the secret of it than he. He has served in military, diplomatic and private capacities in Turkey, the Balkans and Near East, has crossed and recrossed the length and breadth of the Mediterranean many times and penetrated its Saharan and Near East hinterlands. He knows the old Turkey and the new and is personally acquainted with the leading figures of that Republic. Ismet Inonu, the present President, is a personal friend, so was the late Kemal Atatürk. Colonel Furlong shows how this unique and constructive leader created a new background against which he moved and molded the mentality of 14,000,000 people overnight.

As an Intelligence officer, Furlong sent out from the heart of Turkey to the American and Allied representatives, the first information that Atatürk and Inonu had formed a Military Senate at Sivas, were forming a Nationalist Government, with its new capital at Ankara and planned to depose the Sultan. This and other outstanding reports aided the United States and Allied powers in determining their policy and action in relation to certain Balkan and Near East countries.

The Colonel's commissions have taken him into the Mediterranean as an explorer, a war correspondent, an Intelligence officer and a military observer. General Staff U. S. Army. He served as a member of the American Delegation to Negotiate Peace and brought out the first report that Morocco had declared war against Germany, which was one of the outstanding "scoops" of that time.

His acquaintance with Lawrence of Arabia, his secret mission to the Sheikh of the Senoussi, his service with King Feisal in Egypt with Maj. General Wavell in Syria and Lord Allenby on the Western Egyptian frontier, are only a few of the highspots of his interesting career as a soldier. As an explorer, he has penetrated the Barbary hinterlands and, beneath the water of Tripoli Harbor, discovered the wreck of the U. S. NEWTON BLACKOUT IS DECLARED A SUCCESS

Residents Co-operate Fully; 5700 Wardens, Police Assist

A mantle of complete darkness enveloped Newton's 11 villages promptly at 9 o'clock Tuesday night and the city remained literally shrouded in obscurity for a period of exactly 20 minutes.

It was Newton's first blackout test and it was pronounced a success by qualified observers—more so even than that which was staged in Boston a week ago. Civilian defense officials expressed gratification over the results and lauded the co-operation of the public.

Virtually the only illumination was overhead—provided by a clear moonlit and star-studded sky. Thus, although the city was just a black spot on the map as far as any enemy flyer could distinguish, the 5,700 air wardens and auxiliary policemen did not need to grope about blindly to perform their duties.

Pilot Lights Glow

The only flaw in the picture from the air as seen by observers stationed on the city's seven hills resulted from some 300 pilot lights on street lamps. The lights on street lamps, although appearing as only tiny pin points of light, could be seen for great distances. Officials agreed that something would have to be done about them in the event of a blackout produced by necessity.

Several plants in the city working on defense contracts were not required to blackout, although they would be the first to do so in the event of real danger from the air.

Trains Blacked Out

The Boston & Albany Railroad co-operated with civilian defense officials to the extent of blacking out two trains that passed through the city during the period of the test. One was a New York bound train that reached Newtonville station at 9:10 and the other was a local train that arrived shortly afterward. Observers stationed on Mt. Ida could see only the reflection of light in the fire boxes as the trains rolled by.

Unlike the blackout in the Hub last week, the Newton event was a local train that arrived shortly afterward. Observers stationed on Mt. Ida could see only the reflection of light in the fire boxes as the trains rolled by.

There were a few isolated instances in which wardens found it necessary to remind householders to extinguish lights after the blackout had started. There was no excuse, however, for any resident to plead ignorance, as each home was visited by a warden earlier in the evening and reminders were told of the coming "blackout."

Police Get One Call

Nevertheless, 10 minutes after the blackout was in effect, a woman called police headquarters on the telephone and inquired what time the blackout was to start. She was told that not only was it already in effect, but that she was also remiss in using the telephone during the blackout. It was the only call received by the police during the 20-minute period. No untoward incidents were reported last night. The regular police force was augmented by about 200 auxiliary police, who were assigned traffic posts. They forced all traffic to come to standstill on the streets, even motorists traveling through highways. Police of surrounding towns co-operated by diverting or halting traffic about to enter Newton during the blackout.

Civilian defense leaders who were in charge of the activities

attendant to the blackout were John M. Bierer, chairman of the Committee on Public Safety; William V. M. Fawcett, chief air warden; Douglass B. Francis, head of the auxiliary police; Deputy Chief Warden Lyson A. Bruce, Jr., and Alexander Standish, and Charles B. Floyd, president of the Board of Aldermen.

Baldpate Hill, in the Oak Hill section, the highest elevation in the city, was selected by Mayor Paul M. Goddard as a point of vantage from which to view Newton's blackout test last night.

Among the others who chose the same place for that purpose were Street Commissioner John D. Haughey and Police Sergeant Patrick J. King.

In one of the dormitories at the Andover Newton Theological School, a student passed the time during the blackout by entertaining his school mates with a cornet rendition of "Roll Out the Barrel." Another student facetiously shouted from a window when the lights went out: "Is this another Dunkirk?"

Probation For Confessed Burglar

In the Middlesex Superior Court last Thursday morning, Judge Louis Goldberg imposed a suspended sentence of two years on Howard L. Milner, 24, of 202 Mt. Vernon st., West Newton, who had pleaded guilty to a charge of larceny and breaking and entering in the day time. The defendant was placed on a probation of two years on condition that he make restitution in the amount of \$60.

Milner who had been missing from his home was arrested when he returned there on Wednesday last week. He had broken into the home of a neighbor, Alfred E. Whiting of 209 Mt. Vernon st., last October where he stole a motion picture projector, a radio, and a revolver. He said he had disposed of the radio and motion picture projector in Boston pawnshops and had sold the revolver in Virginia.

Diphtheria Immunization Clinics To Start On March 23

Dr. Ernest H. Morris, Newton director of public health, announced today that diphtheria immunization clinics will be held in the schools beginning March 23 for pre-school, kindergarten and first grade children whose parents cannot afford to have them immunized by private physicians.

Appointments may be made by calling the Health Department. Miss Grace Lawrence, supervisor of nurses, is making a survey to ascertain the number of children in kindergartens who have not been immunized.

The first injections will be given during the week of March 23, the second during the week of April 13 and the third during the week of May 4. During the final week Dr. Morris will also vaccinate children, whose parents cannot afford to engage a private physician for the purpose.

Schedule Announced
The diphtheria immunization will be held on the following days for the sections specified:
Monday—Newton Corner and Nonantum.
Tuesday—Newtonville and West Newton.
Wednesday—Newton Upper Falls, Oak Hill and Newton Centre.
Thursday—Newton Lower Falls, Auburndale, Waban and West Newton.
The survey to be conducted in the kindergartens will be done by means of blanks to be distributed

ELEVATED CAR CRASHES NEAR NEWTON CORNER

Newton Police Get "Frozen" Autos

The Cambridge Rationing Board, which was given jurisdiction over all Middlesex County as far as "frozen" autos held by dealers are concerned, yesterday authorized the release of seven such cars ordered by the Newton Police Department last December.

The cars have been held in storage by a local dealer for delivery in the Spring. They will replace seven cruising cars which were purchased a year ago and which have rolled up considerable mileage.

City officials have received no word concerning the nine motor vehicles for other city departments for which appropriations were made last week. Mayor Paul M. Goddard has written to Price Administrator Leon Henderson requesting authorization to purchase the machines.

To Start Red Cross Nutrition Classes

The Nutrition Committee of the Newton Chapter, American Red Cross, has enrolled 150 more women in new classes in Nutrition beginning the week of March second. The enrollment for these daytime classes has been completed with names from the waiting list. Further classes will be formed according to applications received. Any woman who wishes to be informed of the next classes may mail her name, address and telephone number to the Secretary, Nutrition Committee, 28 Hillside rd., Newton Highlands.

One class which will meet for ten consecutive Tuesdays, from 7 to 9 in the evening at the Newton High School, is open to all who attend the first meeting on Tuesday, March third. The enrollment fee is \$1.50 which includes the Red Cross textbook used.

Centre School Assn. Meeting

The Newton Centre School Association will hold its first open meeting of the season in the Mason School auditorium on Wednesday, March 4, at eight o'clock. This event features as its guest speaker, for the third time, the noted news commentator and analyst, Mr. Howard Pierce Davis.

At the close of the talk, parents and teachers are invited to remain for the social hour provided by Mrs. E. K. Mentzer, chairman of hospitality, and her committee: Mrs. Herbert T. Anderson, Mrs. Harry Ross, Jr., Mrs. John Rigby, Mrs. Florence Owen Lucas and Mrs. David Dittmore.

Police protection will be afforded those who park their cars in the parking space at the rear of the Mason School Building.

Proposals For Carrying Mail

Proposals for carrying the mails, including parcel post mails, between the Newton Centre Post Office and the Newton Centre Railroad Station, each way as often as required, have been requested by the Second Assistant Postmaster General.

Information regarding this service may be obtained from the Supt. Newton Centre Post Office or the Transportation Section, Boston Post Office.

Many Persons Hurt--Double Investigation To Determine Cause--Deny Trolley Speeding

A double investigation was underway last night into the cause of the trolley accident, in which at least 32 persons were injured and 13 shaken up, when a streamlined street car leaped the rails on the curve at Park and Tremont sts., Newton, careened across the street, careened off a telegraph pole and landed on its side on a sidewalk, trapping the 45 passengers.

Chief Hughes assigned Inspectors Alfred W. Hammell and William H. Dowling to investigate the accident for the police. It was to these inspectors, he said, that he had turned alleged speeding complaints of similar street cars in the last few weeks.

At the same time Elevated officials who rushed to the scene from their offices announced that they also conducting a sweeping investigation into the cause of the mishap. Elevated officials stated last night that they were unaware of the cause. The investigation will be continued today. One EI official said the accident was caused either because of the condition of the track, the trolley car itself or the operation of it.

Newton Police and Elevated officials puzzled over the cause of the accident, were conducting separate inquiries, as several different versions of the crash were given by passengers and eye-witnesses. Close on the heels of the street car accident came an announcement from Police Chief Michael T. Hughes that his department safety inspectors have been investigating numerous complaints about the alleged speeding of a modern, streamlined car and that in his office there is at least one report of an officer who "clocked" the speed of one street car at 48 miles per hour. No evidence, however, has been uncovered that the car involved in yesterday's accident was going faster than normal speed.

The trolley was being operated by Leon W. Hastings of 24 Patten st., Watertown, an EI operator since 1918. At the scene of the accident, he stated that he "did not know what happened to the street car."

After the trolley ended its mad dash and landed on its left side, Operator Hastings managed to open the doors on the right side of the car and through these the majority of the people trapped inside were able to escape over Newton fire department ladders. One small boy crawled out through a

1942 Tax Rate May Be Kept At Or Near Present Low Level

That the 1942 tax rate for the City of Newton may be maintained at or near the present low level is indicated by the annual balance sheet issued this past week by Comptroller of Accounts Daniel A. White, which shows the city surplus to be \$58,547. This amount, the largest in a decade, is due for the most part to the large amounts returned to the treasury at the end of 1941 by the various city departments.

The general surplus is \$452,026.79 and the Water Department excess and deficiency account is \$161,795.69, making a total of \$613,822.48. Out of the latter figure must come the \$71,881.01 appropriated last year after the tax rate had been declared. The remainder, \$541,941.47, becomes 1932—\$73.37; 1931—\$10.30.

Three Air Raid Sirens To Be Installed--Six Recommended

Three compressed air horns will be installed, but Mayor Paul M. Goddard, after consulting civilian defense officials, decided that three would be sufficient to combine with existing bells at fire stations.

Fire Chief Clarence W. Randlett had recommended that six horns be installed, but Mayor Paul M. Goddard, after consulting civilian defense officials, decided that three would be sufficient to combine with existing bells at fire stations.

One of the proposed horns will be installed on the roof of a building of the Andover Newton Theological School on Institution Hill, Newton Centre; another on the Newton Highlands fire station at Boylston, Eliot and Elm sts., and the third on a building of L. sell Junior College, Woodland rd., Auburndale.

Factory Whistle
The signal on Institution Hill is expected to cover the Newton Centre district, the one at the fire station will be used for the Newton Highlands, Newton Upper

may be used to offset appropriations made last year. How much of the surplus is to be used for this purpose is to be decided by Mayor Paul M. Goddard and the Board of Aldermen after the budget is passed and state and county tax figures are announced by Tax Commissioner Henry F. Long.

The balance sheet showed that tax titles held by the city total \$177,122.87 and tax title foreclosures total \$48,348.27. Motor excise taxes due for 1941 total \$20,128.06; 1940 — \$436.18; 1939 — \$68.54; 1938 — \$28.79; 1936 — \$134; 1935 — \$48.85; 1934 — \$132; 1933 — \$5.85.

Taxes due for 1941 total \$660,433.60; 1940 — \$610.94; 1939 — \$254.13; 1938 — \$365.07; 1937 — \$145.10; 1936 — \$51.76; 1934 — \$9.21; 1932—\$73.37; 1931—\$10.30.

Falls and Oak Hill section, and that at Lasset will cover the Auburndale, West Newton and Lower Falls districts, supplemented by the factory whistle on the paper mill on the Wellesley side of the Lower Falls line.

The rest of the city will be served by the bells on fire stations and it is planned also to use the sirens on fire apparatus in sections where it is found that the other alarms are not distinctly heard.

Local Concern Picked
The contract for installing the horns has been awarded to the Gamewell Company of Newton Upper Falls, which conducted the first series of tests. Later tests were conducted by the RCA.

In his budget requests, Chief Randlett included the sum of \$12,600 for the compressed air horns, but the mayor reduced the sum to \$6,300 and the latter sum was appropriated by the Board of Aldermen last Monday evening in advance of the passage of the budget.

SICOTTE—CIOFI

Miss Angie Ciofi, daughter of Mr. and Mrs. Frederick Ciofi, of 510 Watertown st., Newtonville, was married Sunday, February 22, to Ernest Sicotte, son of Mr. and Mrs. John Sicotte, 12 Cedar st., Waltham. Rev. James E. Fahey performed the double ring ceremony at 3:30 o'clock in the Church of Our Lady.

The bride wore a white gown of satin and lace, a lace veil which fell from a flowered crown and carried lilies of the valley and white carnations. Miss Emma Ciofi, sister of the bride, was the maid of honor. Her gown was of blue chiffon and lace and she carried mixed pastel flowers. Edward Sicotte was the best man for his brother.

Mrs. Sicotte was graduated from the Newton High School and Mr. Sicotte was graduated from St. Charles High School, Waltham.

FITZGERALD—McIVER

Miss Katherine Georgia MacIver, daughter of Mr. and Mrs. Colin MacIver of 41 Dedham st., Newton Highlands, was married Saturday, February 21 to Thomas F. Fitzgerald, Jr., son of Mr. and Mrs. Thomas Fitzgerald of 151 Pearl st., Newton.

Mrs. Charles P. MacIver, sister-in-law of the bride, was matron of honor, and Frederick Morgan, of Watertown, was the best man. Mr. Fitzgerald attended Pennsylvania State College.

WILD—WHITE

MRS. GEORGE SCOTT WILD
nee Jean White

Exquisite Chantilly lace bordered the heirloom veil caught to a coronet of orange blossoms, worn by Miss Jean White, daughter of Mr. and Mrs. Walter H. White of Auburndale, over her regent gown of ivory satin for her wedding Saturday afternoon to Dr. George Scott Wild, son of Dr. and Mrs. Joseph Wild of Fall River. The bride carried a bouquet of white carnations, freesia and lilac.

The double ring ceremony was solemnized in the Gordon Chapel, Old South Church, Boston, by the Rev. Henry Russell Stafford, followed by a reception in the Guild Rooms. The pourers were Miss Natalie Fairchild of Reading and Mrs. Francis Lamaine of Malden, assisted by a group of the bride's classmates.

Miss Marjorie Whittier of New Britain, Conn., maid of honor, and the four bridesmaids wore gowns of spring green faille. Their shoes were of matching tulle caught to wreaths of white velvet bows to match their bouquets of freesia and roses. The bridesmaids were Miss Ruth Wild, sister of the bridegroom, Miss Cora May Farrier and Miss Virginia Wright of Auburndale and Miss Louise Os-

borne of Northampton, Mass. The very sweet little flower girl was Miss Marilyn Small of Scarsdale, N. Y., a cousin of the bride.

Mr. Frank Broadbent of Glens Falls, N. Y., was the best man for Dr. Wild and the ushers were Mr. Robert Coffin White, brother of the bride, Dr. Richard Leonard of Williamstown, Mr. John Walker of Waltham and Mr. Hugh Maraghy of Plymouth, Mass.

The bride's mother wore hyacinth blue with turban to match and a corsage of pale pink carnations. White carnations graced the gown of the bridegroom's mother attired in dark green with accents of red.

Following a half hour of organ music by Dr. Carl McKinley, organist of the Old South Church, two solos were charmingly rendered by Miss Evelyn Danielson of Putnam, Conn.

The bride's going away costume was of brown tweed with beaver trim and brown accessories.

After March 1st Dr. and Mrs. Wild will reside in Plymouth, Massachusetts.

DODS—TUBB

Mr. and Mrs. J. H. Tubb of Sweetwater, Texas, announce the marriage of their daughter, Miss Gwendolyn Tubb, to Roger Wyman Holliday Dods of Newton Centre. Rev. Charles N. Arbuckle, pastor of the First Baptist Church, Newton Centre, performed the eleven o'clock ceremony in the Chapel of the Andover Newton Theological Seminary, Saturday, February 14th. The chapel was decorated with red and white carnations and ferns.

The bride, who was given in marriage by her father, wore a navy and red street dress and a large off-the-face hat with a veil. She was attended by the bridegroom's stepmother, Mrs. Robert H. Dods (Alice Scott). Mr. Robert H. Dods was best man for his son, and the two young ushers were Moses Tubb of Sweetwater, brother of the bride, and the bridegroom's stepbrother, G. Warner Browne, Jr., of Newton Centre.

An informal reception followed the ceremony and a wedding breakfast for members of the families was held at Hartwell Farms, Lincoln.

Mr. Dods attended Boston University and the University of Chicago. After a wedding trip Mr. and Mrs. Dods will live in Philadelphia.

FOGWILL—WILLIAMS

Miss Muriel R. Williams, daughter of Mrs. J. Lloyd Williams of 264 Mt. Vernon st., Dedham, was married to Benjamin S. Fogwill, son of Mr. and Mrs. Stephen T. Fogwill of 47 Davis ave., West Newton, at 2 o'clock on Saturday afternoon, Feb. 21. Rev. Fr. O'Connor performed the ceremony in the rectory of St. Mary's Church, Dedham.

The bride was given in marriage by her uncle, Mr. Edmund Williams of Newtonville. She wore a princess gown of white faille. Her fingertip-length veil was caught to a coronet of gardenias and she carried a shower bouquet of gardenias, roses and sweet peas. She was attended by Miss Rita Hart of Watertown, who wore dusty rose with a matching bonnet and carried an old-fashioned bouquet. People you may know

SONIA HABIT enjoys calling Information so much that she sends her telephone directory to a homesick friend in Labrador. It's wonderful, Sonia says, how the Telephone Company can locate people for her—even when she doesn't give their complete addresses.

We'll take a bow—with our fingers crossed. . . These are tense times in the telephone business.

Every day—believe it or not—an average of 123,287 people request information about numbers that are listed in the telephone directory. Takes us 30 seconds to oblige, each time, which means 3,698,610 seconds. . . 61,643 minutes. . . 1027 hours practically lost—every day. . . We can employ more operators, but we can't do much about crowded switchboards, with what priorities on copper, zinc, aluminum, rubber!

The young lady you know as "Information" would never mention these things. Neither would we—in normal times. But these aren't normal times!

Recent Events

Auburndale Woman's Club

The annual Garden Day of the Auburndale Woman's Club was held Tuesday afternoon at the clubhouse. Mr. John L. Russell was guest speaker and chose for his topic "Spring Flowering Bulbs," featuring Narcissus in particular. Colored slides were used for illustration, showing the gorgeous display around Mr. Russell's home in Dedham. Trumpet daffodils both yellow and white by the tens of thousands cover the ground in early spring, a stimulus for all gardeners. Of wide variety and type, the narcissus is especially suitable for naturalizing in grass. It is highly resistant to frost and extremely hardy, a factor which no doubt enables it to withstand our New England winter. The business meeting which preceded the entertainment was conducted by the president, Mrs. Edwin Lynn. As chairman of the Music Group, Mrs. Neil Herrick announced that the next meeting would take place March 9 at the home of Miss Anne Bunker, 176 Grove st.

Zonta Club

The Newton Zonta Club meets Monday evening, March 2nd, at 8 p. m. at 1838 Washington st., West Newton, the home of Mrs. Hattie Hutchinson.

"Mental Tonic" is the topic upon which Mrs. Hutchinson will speak.

LYDIA PARTRIDGE WHITING CHAPTER, D. A. R.

The regular meeting of the Lydia Partridge Whiting Chapter, Daughters of the American Revolution was held on Tuesday, Feb. 24th, at the Newton Highlands Club. Mrs. Frank A. Shute, chairman, and Mrs. Frank A. Dodge, Mrs. Charles E. Briggs, Mrs. Charles G. Miller, Mrs. J. C. Hemphill, Mrs. Norman Greene, Mrs. Myron L. Cudworth, Mrs. John F. Story, Miss Anna S. Thompson.

The business meeting at 2 p. m. was presided over by the Regent, Mrs. R. John Henderson. Letters of thanks for contributions were read from Hillsdale School and Peabody Home.

Two new members, Mrs. Ada Morrison Anderson and Mrs. Pearl Merriam Pope, were welcomed into the Chapter bringing the membership number to 74.

Reports of the sale of waste paper by Mr. Henderson for the benefit of Hillsdale School were most encouraging as members are co-operating with him.

Mrs. Albion H. Brown reported an enormous amount of work done by members of the Chapter or the Red Cross. She is also collecting used stamps for the benefit of hospitals in Britain.

The speaker on "National Defense" was Dr. John B. Hall, State Vice Commander of the American Legion and a member of the S. A. R. He gave a very clear and interesting account of "Listening Posts" in Massachusetts as conducted by the American Legion and other World War organizations.

He said that Massachusetts is second to none in guarding the safety of its citizens.

Miss Doris Vinman sang two groups of songs and led in community singing of patriotic songs.

NEWTON LEAGUE OF WOMEN VOTERS

"Pay Increases to City Employees" was the subject discussed at a recent study group meeting of the Newton League of Women Voters. Mrs. Kenneth B. Backman and Mrs. J. H. Kavanagh gave figures about the increase in the cost of living, comparisons in the pay of workers in Newton and in nearby cities, and suggestions of possible economies in certain city operating costs. Interesting discussions followed.

It was the judgment of those present that a temporary increase in wages should be considered both for the lower bracket incomes and for men with large families.

As bearing on the question the following facts were noted: a city position is more or less permanent and secure; as yet no shortage of labor exists for this type of

work; every citizen is feeling the "pinch" in his finances and must adjust himself accordingly; an increase should be recognized as temporary and open to later reconsideration; greater efficiency and cutting of frills in all departments might partially offset the cost of increases.

Further study groups on Newton affairs will be held each Monday at 2:30 in the Community Room of the Newtonville Library (entrance on Highland ave.). On Monday, March 2 criticisms of the City Departments will be discussed, both pros and cons being presented. Mrs. William M. Barber, Miss Elizabeth Bartlett, Mrs. H. C. Bronsdon, Jr., and Mrs. Clifford G. Caseley are investigating the questions involved.

The Newton League of Women Voters is a non-partisan organization; it invites all Newton citizens to come and take part in these discussions.

A SERIOUS ACCIDENT

The accident involving the derailment and upset of a trolley car at the corner of Tremont and Park streets Wednesday afternoon calls for a complete investigation.

The inquiry should be thorough, the cause determined and positive steps taken to prevent recurrence.

There are three probable causes of the derailment: a defective rail; failure of the car's running gear; or faulty operation.

No hasty conclusion should be reached. The curve on which the accident occurred is probably the sharpest on the entire Elevated system. Extreme caution is indicated in the operation of cars at this point.

There is no cause, probably, to believe that negligence was the cause of the accident. The operator of the car has been in the Elevated's service for many years, and would not likely jeopardize his own life and the lives of others.

The people of Newton will await the result of the official investigation.

Lone Selectee Is Inducted

Local Selective Service Board 114 of Newton Tuesday sent a lone selectee to Fort Devens for induction into the Army.

The selectee, George W. Lalli, 138 Florence st., Newton Centre, reported at City Hall this morning and received a parting gift of a toilet kit and a letter from Mayor Paul M. Goddard. The presentation was made by Roy S. Edwards, chairman of the Citizens' Committee on Service to Newton Service Men.

Chairman Edwards also presented kits in behalf of his committee today to two Newton Hospital nurses who are entering active Army service tomorrow. They are Miss Margaret Binnall, R. N., 58 Kenneth st., Newton Highlands, and Janet Kendall, R. N., 83 Institution ave., Newton Centre.

He also mailed a kit to Miss Yvonne M. Gotthel, R. N., Greenwood st., West Newton, who is on duty at New Orleans Air Base, New Orleans, La.

Legionnaires In Joint Meeting

Over 100 members were present at the joint meeting of the Newton Post and Middlesex County District No. 2, American Legion, at the War Memorial Building, Newton Centre, last Thursday evening.

Commander Alvin D. Parker of the Newton Post conducted both meetings in the absence of Past Commander George F. Hennrikus, district commander. Dr. John H. Hall, department vice-commander and chairman of the state observation post committee, told of the department work in that field.

Department vice-commander Timothy F. McLaughlin, chairman of community service, told about the \$1,000 award to be given to the Legionnaire judged to have contributed the best community service each year. He suggested that the Newton Post submit names of men who may be considered for the award.

The Newton Post presented a check for \$50 to John J. Sullivan, County junior vice-commander, for Ward D of the new soldiers' home in Chelsea. J. Sherman Irving, County senior vice-commander, represented John R. Rooney, county commander.

Eugene J. Campbell, Newton business manager for the Telephone Company and communications chairman for the Newton Committee on Public Safety, outlined the work of his department in aid raids and presented moving pictures entitled, "Sound the Alarm," and "The Telephone for Defense." Moving pictures of the Milwaukee Convention were also shown.

Representatives were present from Cohasset, Weston and Waltham posts.

The Newton Post voted to hold its annual past commander and ladies' night on March 19 in Elks' Hall, Newton. John J. Foran is in charge of arrangements, assisted by Edward Nolan, John Nolan, Charles Coogan, Robert Murray, Carlton Ray and Amos Oldfield.

REVOKE LIQUOR LICENSE

The Newton License Commission has revoked the liquor license of the Paramount Delicatessen at 292 Centre st., Newton, after a hearing on six counts preferred against the establishment by the police. The license board rendered findings of guilty on a count of serving a person known to have been convicted of drunkenness within a period of six months and on two counts of serving an intoxicated person. The other three counts were dismissed. The proprietor still will retain his common victualler's license and has five days to file an appeal with the A. B. C. Board. In 1938 the license of this establishment was suspended for a 30 day period and in 1940 was warned that further violation would result in revocation of the license.

This is the first case of revocation of a license by the License Commission, although in some instances they have suspended for various periods the licenses of establishments found guilty of violations of the regulations.

DRIVING TO ENDANGER

In the Newton District Court on Thursday morning, Orlando J. Riccio of 241 Cambridge st., Allston, was fined \$20 on a charge of operating to endanger the public. His car was in collision with a fire truck on Jan. 7 at the corner of Washington and Waltham sts., West Newton.

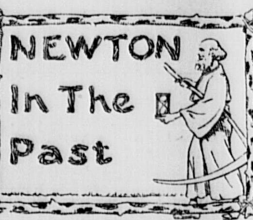

REAL ESTATE

A West Newton sale is reported by R. M. Patterson who represented Evelyn E. Pierce, Administratrix of the estate of Henry C. Pierce. The property involved is at 136 Elliot ave. and consists of 3950 sq. ft. land and a one family frame dwelling valued for tax purposes at \$5200 of which \$1200 is on the land. Title was taken by Theodore F. Weber who bought for investment.

"SMILES THAT CHASE AWAY THE TEAR DROPS"

These heart-warming smiles of the U. S. Marine, little Community Fund Patient with her nurse and dolly and Red Cross volunteer nurse's aide express the appreciation of thousands upon thousands who will be aided by the Greater Boston United War Fund, thanks to the generous support of the people of Newton. Many a heart-ache will be lightened . . . little bodies with the healing . . . strong characters will be built . . . desolate civilians comforted . . . and in the armed forces, unending cheer will brighten the long way because of the success of the United War Fund's four-fold appeal for Community Fund Agencies, Red Cross, USO and the local Soldiers and Sailors Committee.

The addition to the Newton Free Library is fast approaching completion. The inside walls are plastered, and are being whitened. Carpenters will soon begin upon the interior woodwork. The extra room is greatly needed for the library and reading room.

In the contest at the State House between the Gas Companies and the Electric Light Companies, in which the former petition for leave to furnish electric light, J. B. Goodrich, Esq., appears for the Newton Gas Co., John P. Treadwell, for the Brookline Gas Co., and ex-Alderman Powers for the Massachusetts Association of Electric Light Companies. Mr. Powers also appeared for the fishermen in the fishery hearing on Thursday.

Charles Theodore Russell has published a pamphlet addressed to the Massachusetts Legislature, in which he groups his able arguments in favor of abolishing the poll tax as a prerequisite to voting. He has been for years an advocate of this change.

The West Newton Railroad Station is having a new floor laid and other much needed improvements made.

A. J. Fiske & Co. have the contract for the plumbing of the Public Library building, the new High School building, and a half dozen large contracts for private houses. The name of the firm is a sufficient guarantee that the work will be well done.

Postmaster Stacy has been having a hard time of it for the past two weeks; both of his assistants have been kept at home by illness, and as their places could not be filled, Mr. Stacy has had all the work of the office, the telephone office, and his store to do. Nevertheless the patrons of the office have had no occasion to find fault, as the mails have been always promptly distributed and the other work kept up.

The railroad barge running to the Upper Falls has changed proprietors. H. A. Spear of Newton Highlands will run it hereafter.

50 YEARS AGO

Newton Graphic, Feb. 12, 1892
In the spring work will probably be commenced on the Parochial School building in connection with the parish of the Church of Our Lady.

The night service at the Newton Central telephone office has been exceptionally good of late. An accommodating and agreeable operator is a blessing not vouchsafed to all mortals.

A woman peddling furniture polish called at several residences in Newton Centre and at Chestnut Hill and was successful in making some sales. Complaint was made by those who bought the polish and a search was made for the woman but proved unfruitful. The polish was similar to that sold in Boston for ten cents a bottle but the peddler charged from fifty cents to \$2 a bottle. Moral: Avoid roving peddlers.

A prominent street railroad man says it is all "stuff" about the Newton and Boston Street Railway company using the storage battery system, and the talk about it makes him tired. He asserts that it will use the trolley system at the start. This will probably call out an equally vigorous statement from Mr. Huestis, the Newton apostle of the storage battery.

25 YEARS AGO

An automobile warning post has been installed at the junction of Centre and Beacon sts., Newton Centre.

Attention is invited to the public hearing which will be given by the alderman on February 19,

1917 in regard to acceptance of the act to establish a board of survey in this city. This matter was carefully considered several years ago and the aldermen refused to take any action on the matter. Persons interested in real estate development have a deep interest in this measure, for if property is not developed in accordance with the plans approved by the board of survey, the city is prohibited from laying water mains, sewer pipes, drains, and other vital matters to proper development of the land. There should be a large attendance at this hearing.

The Board of Bank Commissioners has granted the petition of Thomas F. Murray, and several other residents of Newton for incorporation as the Nonantum Co-operative Bank, with offices in the vicinity of Nonantum sq.

Christian Science

(Continued from page 3)

ing a living, providing food, clothing, shelter?

It will be conceded that no quality feeds, nourishes, and sustains thought as does spiritual love, the expression of the divine Principle, Love. Then, as one becomes conscious of this perfect Love that casts out fear, as his consciousness is, indeed, Love's expression of its own harmony, free from pride, fear, ambition, self-seeking, he is fed. Can one doubt that under the ever-operating law of God, Truth, human food will be added? This is the law and the promise of the Truth that makes free Love itself is the demonstration. When Love is reflected in love, need ceases to be, and Love is found expressing itself in its own nature of abundance.

Where can one find more radiant raiment than joy, the joy that is the direct reflection of God, the garment of praise that He gives us for the spirit of heavenness? Someone may claim that he has nothing to be joyful about, but everything to make him sad and anxious. This is one of the most deceptive of all the lies of the senses. Man in his true nature is continuously expressing joy. Let the sorrowful belief be exchanged for the fact of joy which is indestructible, the experience of the conditions. Let the fluctuating uncertainty sense of personal joy or pleasure be put aside for the deep, satisfied, and satisfying joy of the son of God. When one thus becomes aware of his birthright and accepts this radiant gift, his living is transformed, and he is clothed in a priceless garment, indeed. Again, can anyone doubt that under the unfailing activity of Truth, the human clothing will be added? This joy is itself the demonstration, who declared, "I am in its law of perfection, clothing the human sense in beauty and bounty."

And so we come to peace, the peace that has no trafficking with doubt, and recognizes none of the uncertainties of material beliefs, the peace that enables one to "lean on the sustaining infinite," as Christian Science bids us do (Science and Health, Pref., p. vii), not clutch at it in fear and anxiety in an effort to use it for material ends. When this invincible peace is made one's own, he is sheltered; and under the unerring law of God, human shelter will be made manifest. Again this consciousness of peace is the demonstration, and that peace expresses itself in what is experienced as human shelter—that which is added.

"Against such there is no law." So we may know that no circumstance or combination of circumstances, however complicated or menacing their arguments may seem to be, has power to prevail against this impregnable and basic consciousness of good. There is no power in evil—in Truth there is no evil—to dim the light of love reflecting Love, to quench the spirit of joy that flows from the source of joy, or to disturb the serenity of that peace which rests on the understanding of omnipotence. "The blessing of the Lord, it maketh rich, and painful effort addeth nothing thereto."

The acquiring, then, of that which meets the human needs is, primarily, the spiritual fulfillment of Truth, and thus freedom is won and the burden of material thought-taking is lifted. This does not in any way mean a spirit of idleness, a sitting-around vaguely waiting for a miracle to happen. Miracles do not happen. They are the effect of immutable, divine law operating to correct the false human concept of things. The activity of Truth shining through the mist of matter seems a mira-

cle to material sense, but is, in reality, the normal activity and condition of that which is actually and uninterruptedly going on in the realm of divinity or Truth.

Freedom to Be Claimed

And think not that it is an idle thing to claim the freedom and sublimity of your true being, to refuse reality or identity to all and everything that is unlike God. It is a joyous and constant task to find and declare one's identity in Truth, in divine ideas and qualities of God. This, your true identity, remains forever untouched, undimmed by dream, unscarred by the seeming experience of supposititious life in matter. To claim that identity involves an unceasing demand to look away from the claims of physical sense to the divine Principle of being, for there only can one find his true status. Can the physical senses persuade us that we are sick when we know that the very substance of our being is Spirit, incapable of discord or decay? Can sense testimony make us believe that we are sad, lonely, hateful, critical, unloving, or unloved, when the Principle and substance of our being is Love itself?

It takes courage, great courage, thus to identify one's self with Spirit and the things of Spirit. When tempted to criticize and condemn, to voice error of any kind, it takes courage, patient courage, to stop and ask oneself, "Is it Principle or person that would so speak or think?" It takes courage, persistent courage, to refuse to identify one's self with disease when it seems to be manifested in one's own personal sense of body. It takes courage, shining courage, when the senses say one is discouraged, depressed, in despair, to claim and express the joy and freedom, the radiance of one's true being. But joy can no more be separated from right thinking than shining can be separated from a ray of light. It takes courage, unwavering courage, to refuse to identify one's self with poverty when one's purse is empty. It takes courage, my friends, holy courage, to look through the mist of tyranny, hatred, cruelty, and greed seemingly dominant in the world of material beliefs, and see the omnipresence of Love filling all space. It takes courage, sublime courage, to look through the lie of war, the claim of physical force to power, and to see and know that the truth of the universe is peace, inviolate, actual peace, never for an instant interrupted, and that the power of the universe is Spirit, invincible in its omnipotence. But we have this courage through the Christ, through which sweeps away "the refuge of lies," and asserts its own supremacy.

Invincibility of Truth

Understanding confidence in the power of Love, the invincibility of Spirit, is much needed in this seemingly war-stricken world. It is needed more than ever before because a greater effort than ever before is being made by the carnal mind to mesmerize humanity into accepting its claims. This is the claim that might makes right, and that material force is power. Under this mesmerism men's hearts fail for fear, and their minds are at times darkened by doubt and dismay. They doubt the power of good and question God. They question the presence of justice and mercy in the land. They feel themselves helpless before the hypnotic suggestion of confusion and defeat.

It is imperative that we turn away from this false mentality, with its dark picture of delusive beliefs, to that one Mind whose supremacy is never invaded and whose invincible brightness outshines all the hypnotic beliefs of boastful materiality. This invincible power of Spirit was well illustrated in the experience of the Israelites as related in the twentieth chapter of II Chronicles. The story tells how their enemies came against them in such great numbers that they seemed utterly unable to meet them with material force. Turning to God, Jehoshaphat prayed, saying, "We have no might against this great company that cometh against us; neither know we what to do: but our eyes are upon thee." Then came "the spirit of the Lord" upon one of their number, who declared, "Thus saith the Lord unto you: Be not afraid nor dismayed by reason of this great multitude; for the battle is not yours, but God's." Further words of encouragement bade them trust fully in the power of righteousness, and assurance was given that the battle would be won for them by this power.

They went out to meet their enemy with "singers unto the Lord" going "before the army," praising "the beauty of holiness," with the result that their enemies destroyed one another, and the field of battle with the riches of the foe was left to those who put their trust in God.

To do away forever, then, with this warfare for what is conceived of as freedom, mankind must learn to understand and obey that spiritual Truth which alone makes free. They must learn that qualities of Mind, attributes of Spirit, such as love, joy, peace, justice, intelligence, mercy, purity, integrity, being allied to Deity, alone have power and true value. It is true that the individual who cultivates these qualities, who regards them as the paramount values and necessities of life, dwells in the safety of omnipotence and progresses into ever-increasing purity, peace, and freedom. The nation whose citizens so live, progresses towards new inventions and ways of freedom, freedom from the trammels, the bondage, the limitations of material beliefs, into paths of spiritual supremacy and splendor unknown to material sense. To keep one's thought in obedience to divine Principle, to be aware of the truth of one's own being as the expression of omnipotence, irresistible Love, is to dwell in the consciousness of safety at all times, even in the

midst of the dangers of war. There is always safety in the conscious truth of one's being. The Son of God is in every seeming fiery furnace to save and deliver. This has been proved over and over again by those serving in the front of battle.

In the infinite Mind or Spirit there is not and never has been war. Christian Science enables us to keep awake to this invincible fact. God is governing His universe in immutable righteousness and justice. His will is being done on earth as it is in heaven. The call has come to every Christian Scientist, yea, to every Christian, to stand unmoved with this dictum of Scripture: "Not by might, nor by power, but by my spirit, saith the Lord of hosts." "The Lord God omnipotent reigneth." There must be no doubt of this invincible truth. As we stand in intelligent awareness of it, it will be our privilege to see "the refuge of lies," the pretended forces of evil, swept away before the omnipotence of that Truth which alone makes free. Man is free. Each one of you, my friends, is free to become scientifically aware of and to enjoy all the health, peace, power, love, beauty, and abundance of that Mind whose activity is the truth of your being. "Let this mind be in you, which was also in Christ Jesus," and "stand fast, in the liberty wherewith Christ hath made us free."

MORTGAGEE'S SALE OF REAL ESTATE
556 Dedham St., Newton, Mass.

By virtue and in execution of the power of sale contained in a certain mortgage given by Joseph W. Wendell Turnbull of Newton, Middlesex County, Massachusetts, to Brookline Federal Savings and Loan Association, a United States Corporation, doing business in Brookline, Massachusetts, dated June 1, 1932 and recorded with Middlesex South District Deeds, book 6210, page 544, of which mortgage the undersigned is the present holder, in breach of the conditions of said mortgage and for the purpose of foreclosing the same will be sold at public auction at ten o'clock a.m. on Saturday, March 28, 1942 on the premises described in said mortgage, to wit: A certain parcel of land with all buildings and structures now or hereafter standing or placed thereon situated in Newton in the County of Middlesex and Commonwealth of Massachusetts, and being numbered 556 on Dedham Street, Newton Centre, Massachusetts, being lot 13 shown on plan of Portion of Oak Hill Village, Newton Centre, Massachusetts owned by the Oak Hill Trust, drawn by Rowland Bates and Henry P. Beal, Civil Engineers, dated May 1, 1932 and duly recorded, and bounded and shown on said plan as follows:

Northwesterly by lot 12 on said plan, one hundred forty-four and 5/100 one hundredths (144.5) feet; Northwesterly by lot 25 and lot 24 on said plan, one hundred and five and one hundredths (105.1) feet; Southeasterly by lot 14 on said plan, one hundred forty-eight and ninety-nine one hundredths (148.99) feet; containing about fifteen thousand three hundred (15,300) square feet of land.

The locus is also shown as lot 13 on plan of Portion of Oak Hill Village, Newton Centre, Massachusetts, owned and developed by the Oak Hill Trust, Rowland Bates and Henry P. Beal, Civil Engineers, dated November 25, 1924 and recorded with Middlesex South District Registry of Deeds on April 16, 1925 in plan book 352, plan 12.

Being the same premises conveyed to The Village Builders, Inc. by deed of Arnold Hartmann, Trustee of Oak Hill Trust, dated June 30, 1937 and recorded with Middlesex South District Registry of Deeds, book 6121, page 567 and said premises are subject to the restrictions therein set forth or referred to.

Being the same premises conveyed to me by deed of The Village Builders, Inc. to be recorded herewith.

Together with and including all land-lord's fixtures so-called and all other fixtures of whatsoever kind of nature, generally all portable fixtures, including, but not restricting therein, heating apparatus, furnaces, stoves, ranges, heaters, oil burners, radiators, oil, gas and electric heating, lighting, ventilating and conditioning apparatus, and including all garbage incinerators and receptacles, all boilers, tanks, motors, mechanical springs, pumps, and all other fixtures, including, but not restricting therein, built-in business or other fixtures, including, but not restricting therein, drawers, and trees, hardy shrubs and perennial flowers covered by and included in said mortgage.

Said premises are to be sold subject to any and all unpaid taxes, tax titles, liens and all municipal liens if any there be.

Terms of sale: One thousand (\$1000.00) Dollars to be paid by the purchaser at the time and place of the sale; balance to be paid upon delivery of the deed to the purchaser at the time and place of the sale. Other terms to be announced at the sale.

By virtue and in execution of the power of sale contained in a certain mortgage given by Sarah Williams, of Boston, Suffolk County, Massachusetts, to Gertrude Kurzman, of Brookline, Norfolk County, dated January 16, 1942, and recorded with Middlesex South District Registry of Deeds, book 6573, page No. 13, for breach of the conditions of said mortgage and for the purpose of foreclosing the same will be sold at Public Auction at 10:00 o'clock A. M., on the fourth day of March, 1942, on the mortgaged premises, all and singular the premises described in said mortgage, to wit:

"A certain parcel of land with all buildings thereon, including all furnaces, heaters, radiators, gas and electric heating fixtures, screens, screen doors, awnings and all other fixtures of whatsoever kind of nature, including, but not restricting therein, built-in business or other fixtures, including, but not restricting therein, drawers, and trees, hardy shrubs and perennial flowers covered by and included in said mortgage."

Said premises are to be sold subject to all unpaid taxes, outstanding tax titles, municipal liens or assessments if any there be.

Terms of sale: Three Hundred (\$300) Dollars in cash to be paid at the time and place of sale and balance in cash or by note or mortgage to be announced at the sale.

RECENT DEATHS

MARY J. LITTLEFIELD

Mrs. Mary J. Littlefield of 15 Dalby st., wife of Benjamin F. Littlefield, Newton, died suddenly at her home on Sunday, February 22. Mrs. Littlefield, who was in her 59th year, was born in Waltham, the daughter of James and Mary Fitzpatrick Delaney. She had lived in Newton for 24 years. Surviving her are three daughters, Miss Margaret Littlefield of Newton, Mrs. Edith Burns of Newton and Mrs. Loretta Nash of Boston, and a son, Charles Littlefield of Newton Highlands, a sister, Mrs. Mary Fitzpatrick of Waltham and three brothers, Joseph Delaney of Waltham, Michael Delaney of Raynham and John Delaney of Peterboro, New Hampshire.

Funeral services were held from her home on Tuesday morning. A solemn mass of requiem was celebrated in the Church of Our Lady. Rev. John A. Sheridan was the celebrant, Rev. Russell T. Haley, deacon and Rev. Thomas P. Fallon, sub-deacon. Burial was in Calvary Cemetery, Waltham, where Fr. Haley read the prayers at the grave.

ABIGAIL F. JEWETT

Mrs. Abigail Fay Jewett of 35 Langston st., Newton, widow of George Franklin Jewett, died on Friday, February 20.

Mrs. Jewett was in her 90th year. She was born in Freeport, Ohio, the daughter of Nathaniel and Roxanna Woodbury Fay, and was descended from a long line of New England ancestors. Her father and both of her grandfathers were Congregational ministers. She was a graduate of Oberlin College and taught school for a number of years in New Orleans.

In 1882 she married George Franklin Jewett, a native of Pepperell, and in 1899 she and her husband founded the Mt. Ida School for Girls in Newton. This school became her life work and she remained active in its management for more than 40 years.

Surviving her are two daughters, Mrs. Edith M. Carr of Oberlin, Ohio, and Mrs. Helen Fay McGill of Newton and 5 grandchildren.

Funeral services were held at the home of her daughter, Mrs. McGill on Sunday afternoon at 2:30. Rev. Ray A. Eusden officiated. Burial was in the Pepperell Cemetery at Pepperell, Mass.

HENRY D. ARNOLD

Henry Dyer Arnold of 28 Orchard ave., Waban, died on Friday, February 20. Mr. Arnold, who was in his 56th year was born in Tiverton, Rhode Island, the son of Rev. Henry T. and Amelia Leitch Arnold. He had been employed for over 20 years with the National Aniline and Chemical Company of Boston. He is survived by his wife, Mrs. Harvie D. Arnold, two daughters, Mrs. Allen H. Swain, Jr., of Brookline and Mrs. Leroy P. Collins Jr., of Tacoma, Washington, a brother, Anthony B. Arnold of Westfield, New Jersey, and a sister, Mrs. O. C. Johnson of Plainfield, New Jersey. Funeral services were held on Monday afternoon at 3 o'clock in the Church of the Good Shepherd, Waban. Rev. Stanley W. Ellis officiated. Burial was in the Newton Cemetery.

ARTHUR E. WILSON

Arthur E. Wilson of 247 Grove st., Auburndale, died at his home on Friday, February 20. Mr. Wilson was in his 88th year. He was born in London, England, the son of James and Jane Walker Wilson. He was a retired insurance broker and was formerly connected with the Riverside Press. He was a member of the Society of Natural History and was one of the oldest alumni of Massachusetts Institute of Technology. He is survived by two sons Arthur L. and Edmund I. Wilson, a daughter, Mrs. Beatrice H. Lamb, eight grandchildren and one great-grandchild, all of Auburndale. Funeral services were held on Sunday afternoon at 2 o'clock in the Newton Cemetery Chapel. Rev. Ralph H. Rogers, Ph.D., of the Auburndale Congregational Church officiated.

HORACE L. GLEASON

Horace Leonard Gleason of 566 Grove st., Newton Lower Falls, died on Friday, February 20, after a long illness. Mr. Gleason was in his 80th year and had been a resident of Newton for more than 30 years. He was born in Holden, Mass., the son of Chester and Elizabeth Holbrook Gleason. He was employed as a conductor on the Boston & Albany Railroad for 30 years retiring ten years ago. He was a member of the Brotherhood of Railroad Trainmen, the Order of Railroad Conductors and of Quinsigamond Lodge, I. O. O. F. of Worcester. He is survived by four sons, William H. Gleason and Herbert R. Gleason of Wellesley, R. Arthur Gleason of West Newton and Charles A. Gleason of Ridgefield Park, New Jersey. Funeral services were held Sunday afternoon at the Alger E. Eaton Funeral Chapel in Needham. Burial was in Hope Cemetery, Worcester.

MARION E. SCINICARIELLO

Mrs. Marion E. (Perkins) Scnicariello, wife of Damiano Scnicariello, died on Wednesday, Feb. 18, at her home, 1933 Walnut st., Newton Highlands, where she had resided for 8 years, having formerly resided in Auburndale. Mrs. Scnicariello, who was in her 58th year, was born in Lowell, the daughter of Joseph O. and Alfreda H. Flye Perkins. She is survived by her husband and one daughter, Miss B. Marjorie Fowler. Funeral services were held on Saturday afternoon at 2 o'clock at her home. Rev. Ralph H. Rogers of the Auburndale Congregational Church officiated. Burial was in Edson Cemetery, Lowell.

New Victory Club

(Continued from Page 1)

In the Victory Club deposit, the banks issue a Defense Savings Bond registered in the depositor's name. The three Savings Banks in Newton are co-operating with the Government in the sale of Defense Bonds at no fee or profit to themselves. The Victory Club makes it possible for almost everyone to buy a Defense Bond the way the Government wishes to have them bought, that is, out of savings from your pay envelope rather than from savings which have already been accumulated. The purpose of Defense Bonds is to attract new savings, not merely to convert past savings into Government Bonds.

As a matter of fact the deposits in these three Newton Savings Banks are already invested in Government Bonds, railroads, public utilities and homes, all of which are very important to the war effort. At the present time approximately 24% of their deposits are invested in Government Bonds and practically all new investments are being made either in more Government Bonds or in mortgages on homes. When withdrawals of deposits are made to purchase Defense Bonds, it may cause a bank to lessen its own investment in Government Bonds and thus result in no gain to the Government's financial program.

The financing of the war will require savings on a scale greater than ever before. Everyone should budget his income so that he may set aside something each week to buy Defense Bonds through the Victory Club, to build up a savings account, to provide a cash reserve for emergencies and to meet the increased taxes which are coming this year.

WILLIAM HOUSE IN NAVAL RESERVE

With the rating of hospital apprentice, first class, William House, 22, son of Mr. and Mrs. F. W. House, 55 Wyoming rd., Newtonville, was recently enlisted in the United States Naval Reserve and is now undergoing recruit training at the U. S. Naval Training Station at Great Lakes, Ill.

Upon completion of this "boot" training, which includes instruction in the elementary fundamentals of naval procedure, the new petty officer will be assigned to one of the Navy's Men-o-War, or will be sent for service at some other naval establishment.

THE LATE COL. ELON F. TANDY MERITS RECOGNITION

The recent passing of Col. Elon F. Tandy, brother of Mrs. Maud Stevens of 15 Hallron rd., merits recognition.

Col. Tandy, a former resident of Wellesley Farms, was the founder and manager of "The U. S. Veterans Facility" in Roseburg, Oregon.

By all veterans he was held in highest esteem, as a "loyal comrade, great soldier, fine executive and incomparable gentleman." Col. Tandy chose from youth through maturity, a life of activity. He volunteered for military service in the Spanish-American War in which he was made a commissioned officer. During World War I he served as lieutenant-colonel of the quartermaster corps in the 26th Yankee division, and was cited for service at Soissons in 1918 by Major General C. K. Edwards, commander of the 26th division. He held a life membership in the Middlesex Lodge at Middlesex, Massachusetts, which claims to be the oldest Masonic Lodge in United States. In November, 1941, Col. Tandy was confirmed in the 32nd degree by the consistory at Eugene, Oregon.

A Masonic and Military Service preceded his interment at Woodlawn Cemetery, Wellesley.

EMILY H. DANIELS

Emily H. Daniels of 195 Woodland rd., Auburndale, died at her home on Monday, Feb. 23. Mrs. Daniels, who was in her 68th year, was born in Weymouth, Nova Scotia, the daughter of Richard and Elizabeth Parker Hood. She had resided in Newton for 6 years. She is survived by her husband, Charles F. Daniels; a daughter, Mrs. Mildred D. Cary of Manchester, Conn., and a son, Charles F. Daniels, Jr., of West Newton. Funeral services were held on Wednesday afternoon at 3 o'clock in the Newton Cemetery Chapel. Rev. Richard P. McClintock of the Church of the Messiah, Auburndale, officiated.

NOBLE W. HARDY

Funeral services were held on Wednesday, Feb. 18 at 2 o'clock for Noble W. Hardy at his home, 111 Mr. Verneville, Newtonville. Rev. J. Franklin Knotts officiated. Burial was in the Newton Cemetery.

Mr. Hardy was killed in a fall from a roof on which he was working in Cambridge Monday of last week. He was in his fifty-first year and had lived in Newton for 15 years. He was born in Nova Scotia and during the World War served with the 185th Nova Scotia Islanders for four years with the rank of sergeant. He was assistant scoutmaster of Troop 1, Boy Scouts. Surviving him are his wife, Mrs. Phyllis Mader Hardy; a son, Herbert Hardy, and two daughters, Miss Marjorie and Miss Mary Hardy.

LOUISE M. WINCHELL

Mrs. Louise M. Winchell, wife of Thomas E. Winchell of 250 Highland st., West Newton, died at her home on Thursday, February 19. Mrs. Winchell, who was in her 56th year, was born in Brunswick, Me. She was the daughter of Frank P. and Mary O. Hacker Weatherill. She is survived by her husband; a son, Robert Winchell, and a daughter, Miss Jeannette Winchell. Funeral services were held on Sunday at Brunswick, Maine, and burial was in the Riverside Cemetery at Brunswick.

Elevated Crash

(Continued from Page 1)

ventilator and others got out smashed windows.

One of Sharpest Curves
The curve which the trolley was negotiating is one of the sharpest on the entire Elevated system. The trolley leaped the rails after going about 10 feet along the curve. Then it careened off on a tangent, darting across the outboard rails and rumbling over the hard street surface. It struck a large wooden pole, a glancing blow and then landed on the side on the Park st. sidewalk.

Inside the car many of the passengers were screaming. Many of the occupants were women and children. Luckily nobody was walking on the sidewalk at the time. It was also fortunate, officials said, that the new streamlined trolley was of such sturdy makeup, for an old wooden car might not have withstood the accident as well.

Injured in the accident according to police were:

Spring Conditioning that's

TAILORED TO YOUR CAR!

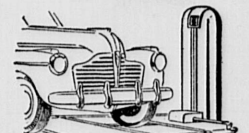

Come in Now for a FREE Inspection by Authorized Factory-Trained Mechanics that Will Show Exactly what Attention YOUR Car Needs.

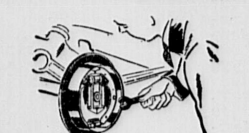

HOW'S YOUR CLUTCH ACTION? Did you know that a clutch that is not operating properly can result in too-rapid tire wear? That's one of the things our tailored spring servicing catches

WANT LONGER TIRE LIFE? When switching tires, do you remember the spare? If you'll let us switch your tires, working the spare in where it can best be used, each tire out of the five you have will be on the road only four-fifths as much as usual. Net result: Longer life from the same full set.

ARE YOUR WHEELS IN LINE? Misaligned front wheels not only wear tires rapidly but may interfere with proper car control. One of many instances where it's better to check up and be sure.

GOOD BRAKES MEAN SAFETY PLUS. Brakes ought to be kept in proper adjustment for safety reasons alone. Beyond that, brakes that are "out" can also result in unnecessarily increased tire wear. For best results, let Buick men adjust your Buick brakes to Buick factory specifications.

LICK-AND-A-PROMISE spring conditioning won't do this year, mister!

You've got something more important to think about than just changing oil and grease—you've got a whole car that will have to see you through the duration, and you can't afford to overlook any part of it.

That's why Buick spring service is tailored to your own particular car.

We change oil and grease in the regular way, of course—we check batteries, cooling systems, wheel alignment and other routine matters.

Your whole car lasts longer when it is con-

ditioned as a unit—especially when trained Buick specialists do the job.

So we write your spring conditioning ticket to fit your car's needs—not to make up a ready-made "package" according to average requirements.

The cost is no higher than for a comparably good job anywhere else. It's actually lower in the long run, because it pays to have a job done right.

Drop in for a FREE check-up by our authorized factory-trained mechanics and let us detail the service your car should have this spring.
